

Mustangs Meet Windbreakers Sunday

"MAY I HAVE THIS DANCE, MY DEAR?"

Everybody, except that gent to the right, is asking everyone else for a dance, or for a ticket to the Daly City Boys Club "Harvest Dance" this Saturday at Colombo Hall. The engraved picture of George Washington being passed around is the tariff to the affair. Mrs. Gladys Sweeney, the big girl to the left, is purchasing a ticket from Larry Arnau. Now, as for the three refugees from a Halloween party to the front, we just don't know their names. But, chances are you will, if you come to the dance. (Photo by Myra)

SF And Daly City Men Face Charges Of Petty Theft

Caught while they allegedly were stripping a car of tires, two men will face charges of petty theft in police court Friday.

Charged with petty theft and tampering with a vehicle are: Harvey B. Cross, 137 Miriam street and John B. Horton, 992 Page street, San Francisco. Both men are now out on \$100 bail respectively.

Police were called at 2:30 a.m. Saturday by Mrs. Joe L. Inderbitzen, 133 Park View avenue, who said some men were taking the wheels off her husband's car, parked in front of the house.

When officers arrived they found Horton's car parked behind the Inderbitzen vehicle. The latter automobile was minus all its wheels and tires, police said.

According to officers, they found four tires and wheels in the back seat of the Horton car.

Bay Area Residents Are Captivated By New Homes In Broadmoor Village

Bay Area residents apparently can not resist the lure of Broadmoor Village when it comes to the question of homes. The way they are snapping up the new houses is a surprise even to the Stoneson Brothers, who have created the development.

Their original plan, laid down in 1945, called for 1,200 structures, to be built over a long period of time. However, already 1,180 have been sold, with indications that the remaining score will be gone soon.

As a result, 50 additional acres have been purchased, whereon another 200 homes will be erected. And, according to reliable information, they will not be enough to satisfy demands.

The new location is at the end of MacArthur Drive, described as rolling land and a suitable adjunct for the Stoneson type dwelling, depicted as ranch style, detached homes of two and three

bedroom construction.

It seems that the abodes appeal to all types of individuals, including executives, junior executives, doctors, lawyers, merchants, and retired people. Among the late purchasers are Dr. E. S. Erigeron, and William C. Heyer of the Studebaker automobile company.

As for improvements, it was learned that more street lights will be erected shortly, or just as soon as the necessary petitions and letters have been forwarded to the Pacific Gas and Electric Co.

D. C. Boys Club To Hold Harvest Dance Saturday

Those who love that "good old fashioned mountain music" or jive or even smooth fox trots, will have a jolly time at the Daly City Boys Club "Harvest Dance" Saturday.

The dance, to be put under cover November 5 at 8:30 p. m. in Colombo Hall in Colma, may well be a turning point in your dancing career.

"We've got an orchestra that will make anyone want to do just what they play, and because they can turn out anything, those who stay on the floor will leave the dance with more steps to their credit than Arthur Murray," Frank Lombardi, Boys Club backer, said.

So you hate dancing. Well, come anyway, as tucked away behind some straw and pumpkins will be many awards. Can't say what they are but, come and find out for yourself.

Naturally the hall will be decorated in the best harvest style, and the floor will be "so smooth" that even the most awkward person can shuffle through a tango.

All money from the dance will go to purchase equipment for the Boys Club. And such things as baseball bats, footballs, boxing gloves and soccer balls are badly needed.

Seriously, this dance is more than a passing amusement. Its success must be assured, as every dollar will take some boy or girl, perhaps your own child, off the street.

Tickets may be purchased at the dance, or from any member of the Boys Club.

SCHOOL OFFICIALS ASK "YES" VOTE ON PROPOSITION NO. 1

Voters were urged by the Jefferson school district board of trustees today to vote "YES" on Proposition No. 1 in the special election, Tuesday, November 8.

The resolution asking the voters to pass the state \$250 million school bond issue was passed at the regular meeting of the trustees last Thursday night.

Approval of Proposition No. 1 by the trustees was based on several facts:

(1) Jefferson elementary school district, embracing Daly City, Colma, Broadmoor Village and Westlake is one of the fastest growing, from a school population potential, in the state. Present funds are not only inadequate for today's population, but make no provision for tomorrow's children.

(2) Two years ago the district bonded itself to capacity and could raise approximately only \$344,000. To this the state added \$443,000. This money is being spent, or is earmarked for two new sites and 19 classrooms. There is no provision for future growth.

(3) The "swing-shift" type of education adopted in this area to meet the critical school shortage can only be eliminated permanently if Proposition No. 1 passes.

(4) To adequately house the school population now, 57 classrooms are needed. Only 42 are now available.

These are but a few of the reasons, the trustees asserted, that Proposition No. 1 should be passed.

In other business before the school board Thursday, the following was adopted:

Mrs. Marjorie Shields was accepted as a teacher at Jefferson. John Perada was hired as janitor and yard man at \$160 per month beginning November 1.

A letter from the district attorney advised the school district that they could fence the Garden Village school grounds. The superintendent was instructed to see that a suitable fence and gate be erected.

The question of a partition and other improvements in the Pershing basement was discussed, and the superintendent instructed to arrange for the partition and to submit figures on other contemplated improvements in transforming this space into an all purpose room.

New report cards, as drawn up by the teachers' report card committee, were accepted.

A special meeting will be held within the next two weeks at which the matter of insurance will be discussed.

The question of drinking fountains, both inside and out, was discussed, and the superintendent instructed to look into the entire matter and take steps to see that adequate drinking fountains are installed and that proper use is made of those already installed.

Mrs. Hilda Dennis, Colma P.T.A. president, addressed the Board and requested permission of her organization to donate one-half the cost of two California transcription and phonograph machines to the Thornton and Jefferson schools. The school district will accept responsibility for the remainder of the cost.

MORE SCHOOLS, OR STEW POTS?

There is a dire shortage of classroom space in the Daly City area schools, as any parent with children on "swing-shift" education knows.

From here there appears to be one of two answers to the problem.

The first, and less painful to those who neither have the time to vote nor the few extra pennies to spend on school houses, was proposed many years ago by the English satirist, Jonathan Swift.

This early day H. L. Mencken asserted the best method of freeing the world from an oversupply of children, and consequently the need for more schools, was to butcher them.

How simple, he explained, if parents merely chopped up their babies and served them in a juicy stew. No more children; no more need to spend taxpayers' money on foolish expenditures such as new schools.

While this solution may appeal to a few, it doesn't appear to be the final answer even for those who don't wish to vote.

So, for the humanitarians in Daly City, there is Proposition No. 1. This is a proposition to provide \$250,000,000 for construction of new schools and more classrooms throughout the state. A good part of this bond money will be used in Daly City.

Children deserve a better fate than the stew pot or "swing shift" education. If you believe that is right, vote "Yes" on Proposition No. 1.

Propositions And Places To Cast Your Ballot At Tuesday's Election

Voters will be asked to give their "verdict" on 12 different propositions November 8.

In this special state election, there are such important issues as whether or not the state will have daylight saving time, the fate of future school building, assistance to the aged and blind and many others.

For the convenience of voters in the Daly City-Colma-Broadmoor-Westlake areas the "Record" here in prints the 12 propositions and the polling places.

Propositions submitted to voters include:

NO. 1 — SCHOOL BONDS: Direct issuance and sale of \$250,000,000 of state bonds for purpose of providing loans and grants to school districts of the state.

NO. 2 — AGED AND BLIND: Reinstates plan of Old Age

Daly City Man Foils Efforts Of Car Thieves

Car thieves were busy in Daly City over the week end, but so were car owners, with the result that only one out of two attempted automobile thefts was successful.

James Morrow, 273 Knowles street, foiled efforts of teen-agers to take his automobile at 11 o'clock Saturday night. He'd parked the car in front of his home, and growing nervous looked out the window.

It was a lucky look, as at that very moment he saw the car rolling backward down the hill. Dashing out of the house he saw a young boy jump from the car. Morrow gave chase, but was unable to catch the would be thief.

Then, turning back to his car, Morrow saw another lad attempting to start the vehicle. When it failed to start the second thief jumped from the car and ran.

Morrow watched his automobile roll down the hill and crash into the side of a garage at 209 Los Banos. The force of the collision dented the back of the car and pushed the west side of the garage, belonging to A. D. Sealey, off its foundations.

Morrow and Sealey are having their respective properties repaired today, while police search for the thieves who failed.

Another Daly City resident, Richard Stahl, 275 Hillside boulevard, wasn't so lucky. Yeggs made off with his 1935 sedan around noon Sunday.

The car was parked in front of Stahl's home and stolen some time Sunday morning, police said.

Community Chest Drive Still Short

Neither better or worse this week is the standing of the Community Chest drive in Daly City, which still remains \$700 short of the \$2,500 mark.

The drive ends this Saturday, Paul Green, general chairman said. Mrs. Jane Keith, residential chairman, asserted today that when the final count of all contributions had been made, Daly City would be closer to its goal. However, she was doubtful if the final sum could be reached.

"We can not blame anyone for our failure to hit the top," Mrs. Keith said. "Everyone in the residential community did the best they could, and were very generous."

However, it might be noted that the merchants fell below what was generally expected. Of the \$1,800 collected to date, well over half, \$1,080 came from people living in the community, and not from merchants.

Anyone wishing to make any last minute contributions is asked to contact Mrs. Keith by calling JUniper 4-3576.

MUSTANGS TUSSLE WITH WINDBREAKERS OVER MEMORIAL TROPHY

Game May Decide Winner Of Western Football League Championship

By Allen Pettigrew

That won't be the atomic bomb going off in South San Francisco Sunday. No, it will be something bigger . . . the annual Daly City Mustangs vs. Windbreakers game.

In this annual classic the two rival teams meet to score and war in an effort to gain the Memorial Trophy. And this year's game will be doubly important, as the winner may well emerge on top of the Western League.

Children Enjoy Quiet Hallowe'en At Rec'n. Parties

With only one false fire alarm reported and police answering nothing but routine calls, Daly City spent a quiet Hallowe'en.

Much of the credit for the orderly evening can go to the Daly City Recreation department for various parties they sponsored throughout the city. About 2,000 boys and girls and teen-agers spent the evening at these affairs, the department reports.

Parents in the Broadmoor area also gave a word of thanks to the Community Presbyterian church for its program of movies and entertainment.

Activities, and names of winners, will be announced in next week's "Record."

\$415,424 Bldg. Permits Issued

Building permits of a value totaling \$415,424 were issued last month by the city. This is almost three times the value of those issued one year ago at the same time.

As usual the greatest number of permits, with a total value of \$215,215, went to Henry Doelger and the Westlake project. He accounted for 24 of the 36 new dwellings started last month.

There were only 16 new dwellings started in the month of October, 1948, at a total value of \$116,125 as compared with \$359,494 for October, 1949.

There were 12 permits issued last month for alterations at a total of \$5,430. This was exceeded last year by 14 permits at a total of \$13,240.

Four new commercial building valued at \$50,500 are now under way in Daly City. This compares with two such structures, at \$23,005, started in October, 1948.

It all starts at 2 p. m. on SSF Hunters field and no football fan with an ounce of pigskin blood throbbing through his veins can afford to miss the thriller.

Tears ran last year in Daly City when the Mustangs lost the Trophy, dedicated to the memories of the outstanding athletes of each city, to the South San Francisco team by a score of 26 to 0. This year the Mustangs plan to leave the field with a smile, if it kills them or the Windbreakers.

And, boy, this isn't just idle talk. So far this season the Daly City gridders have racked up eight wins to one loss. On the other side of the field, the Windbreakers haven't done badly, either, taking eight out of nine games.

Consequently, for the first time in many years the two teams are fairly evenly matched. Of course, in points the South San Francisco power house has done better, making a total of 245 points to the Mustangs 150.

Leading the Daly City beef trust onto the field will be John Coccellato, a massive linesman, who has proven time and time again his ability to smash and rip through opposing lines. In this respect he has been named one of the best linemen in the semi-pro ranks.

Right behind Coccellato, although not too far, will be Pat Simmons and Ernie Casteel. These are the experts at line plugging. They both also have shown some ability in smashing through the wall of an opposing line and getting the backs before they make the line of scrimmage.

Don Rogers, who has crashed through to drop ball carriers for losses and is also an expert fumble recoverer, will be another addition to the line.

One of the greatest assets to the Mustangs is Charlie Rivers who, despite his terrific speed, plays at the tackle spot. Rivers has been seen running down from behind the fastest backs on the opposing team. Just recently he intercepted a pass and ran 55 yards.

(Continued on Page 6)

SENATE INVESTIGATES CURVES IN "JOHN LOVES MARY"

The provocative Miss with her elbow poised for a pert punch is Lily (Diane Gorkosky), and the amazed looking gent to the far right is Senator McKinley (Dave Belli). And those others to the left are characters in the current Jefferson High school hit "John Loves Mary." The all student cast is putting on the production Friday, November 4, at 8 p. m. in the high school auditorium. Left to right we have John (Steve Ward), Mary (Lyndy Rivera), Fred (Bob Mink), Mrs. McKinley (Peggy Jones) and that sour looking face behind the uniform is Gen. Bidle (Russell Murphy).

BUILDING TOWARD MORE, BETTER SCHOOLS

This is the Jefferson elementary school district's cure for the "swing-shift" type of education in Daly City. Recently completed (top and center) was the new addition to the Woodrow Wilson school. This gives the district an additional two kindergartens and two first grade rooms. Children

in the second picture seem to be enjoying their improved first grade facilities. Work is almost completed on the new Garden Village school (bottom) which will take care of younger children in the Broadmoor - Garden Village area. This modern school will open some time in February.

Daly City Woman Severely Injured In Week End Wreck

Recovering from two fractured legs in Junpero Serra hospital is Mrs. Alice Springer, 64, 43 Beta, victim in one of two week end accidents.

Mrs. Springer was crossing Mission street at Alp at 6:30 p.m. last Friday when she was hit by a truck, police said. Driver of the truck was Domenic T. Taboni, 55, 1932 Greenwich street, San Francisco.

The force of the collision broke both of Mrs. Springer's legs, and in addition she sustained severe bruises, hospital authorities said. According to Taboni, he was coming north on Mission toward the intersection when a companion riding with him in the cab, Antonio Lopez, yelled to look out for a man crossing the street.

"I saw the man in the crosswalk, applied the brakes, and swung the truck left to avoid striking him, Taboni told police. When he turned left, Taboni plowed into Mrs. Springer, officers stated. No citations have been issued, pending further investigations.

\$80,000 Drive In Theatre For D. C.

Work was underway today on a new \$80,000 drive-in theater at the foot of Guttenberg street in Daly City.

The theater is being built by the Mission Amusement company, that operates a chain of Starlight theaters throughout the state.

Modern in every way, the new structure will be the latest in outdoor entertainment.

It is expected the project will be completed by February 1, 1950.

In another accident, only 10 minutes later last Friday, two cars sustained slight damages at the intersection of Mission and Vista Grande.

Cars driven by Lola T. Magini, 21, 241 A street, South San Francisco, and Norman L. Rowt, 24, Treasure Island Auto Court, respectively, collided at the intersection. Rowt was making a left turn off of Mission into Vista Grande and the lady driver was coming south on Mission at the time of the wreck.

The South San Francisco woman's car will need repairs on the right front, while Rowt's car sustained a smashed right front side.

What Do You Want?

Whatever you have to Buy, Sell or Exchange.

A WANT AD

in The Daly City Record and The Shopping News will get the results you need.

(See Page 13)

STEAM VALVE

Do you have a complaint? A suggestion? Comment? The Daly City Record will be glad to print letters submitted by local people on local subjects, in a "LETTERBOX" column on Page 2. The column will be printed whenever such letters are received. Letters of public interest are welcomed for publication, so long as they are not libelous. All letters sent for publication must bear the author's signature, although the signature will be withheld from publication if requested. Unsigned letters will not be published.

More About Tuesday's Election

(Continued from Page 1)

state constitution. NO. 4 — PROVISIONS RELATING TO LOCAL GOVERNMENT: Eliminates inoperative provisions no longer applicable to any California county.

NO. 5 — CONSTITUTIONAL CONVENTION OF 1878-79: This archaic provision long ago ceased to have force or effect.

NO. 6 — EFFECTIVE DATES OF 1933 STATUTES: Repeals another obsolete section of the Constitution which long ago served its purpose.

NO. 7 — TAX PROVISIONS: Deletes useless matter regarding inoperative or superseded tax provisions.

NO. 8 — CONSTITUTIONAL PROVISIONS: Removes duplicate section regarding legislature's power in granting aid to needy children, aged and blind.

NO. 9 — ADOPTION OF 1879 CONSTITUTION: Removes useless material regarding procedure ineffective since 1879.

NO. 10 — SUSPENDED PROVISION REPEAL: Deletes long-unless measure which set up effective dates for two initiative prohibition measures — both of which were defeated in 1914.

NO. 11 — STATE OFFICERS, LEGISLATORS, JUDGES: This measure amends constitutional sections relating to terms of officers and bring it up to date.

NO. 12 — DAYLIGHT SAVING TIME: Provides for daylight saving time during portion of each year. Advances time one hour during period from last Sunday in April until last Sunday in September. Repeals conflicting laws.

The aforesaid propositions may be voted on in 18, instead of the usual 28, polling places in Daly City. In addition there are special polling places for residents of Broadmoor, Colma, and Westlake.

Polling places are located at:

Broadmoor Precinct No. 1 Polling place: Klavin garage, 101 Edgeworth avenue, Broadmoor.

Consolidated Precinct Broadmoor No. 2 (Consisting of County Precinct Broadmoor No. 5) Polling place: Taylor garage, 1019 Nimitz drive, Broadmoor.

Consolidated Precinct Broadmoor No. 3 (Consisting of County Broadmoor No. 2) Polling place: Miles garage, 904 Washington street, Broadmoor.

Consolidated Precinct Broadmoor No. 4 (Consisting of County Precincts Broadmoor Nos. 3 and 4) Polling place: Buckwalter garage, 915 Heather road, Broadmoor.

Colma Precinct Polling place: city hall, Jewell avenue and El Camino Real, Colma.

Consolidated Precinct Daly City No. 1 (Consisting of County Precincts Daly City Nos. 1 and 2) Polling place: Fire House No. 5, Bellevue avenue, Daly City.

Consolidated Precinct Mission No. 1 (Consisting of County Precincts Mission Nos. 1 and 2) Polling place: Colma Fire House, East Market street, Colma.

Pasadena Quartet At Church Sunday

A quartet from Pasadena College has been scheduled to hold services at the Grace Church of the Nazarene on Sunday, November 6.

Roy Hoover, George Saucier, Harold Bonner and Harold Egly, who compose the quartet known as the "Heralds," will arrive in Daly City in time to sing several songs at the Young People's meeting at 7 p. m.

The four young men will have complete charge of the evening service at 7:45 p. m. Besides the devotional messages, they will present special songs and music and a report on Pasadena College.

"Perfect Target" Will Recover

Still in the hospital today, but given a 75 per cent chance for recovery, is Richard Hoff, 14-year-old San Francisco boy shot near Daly City three weeks ago.

Dr. Glenn Warren, the boy's doctor at San Mateo hospital, said as long as no complications set in, young Hoff would be in the hospital for another month. After that he must spend two to three months in bed. No permanent disabilities from the wound are expected.

Hoff was shot through the chest accidentally by a companion, Vincent Garcia, 13, also of San Francisco. Garcia told police he believed the safety catch was on when he pointed the .22 at the kneeling Hoff and fired.

No. 17 (Consisting of County Precinct Daly City No. 21) Polling place: Marsh basement, 173 W. Moltke street, Daly City.

Consolidated Precinct Daly City No. 18 (Consisting of County Precincts Daly City Nos. 20 and 22) Polling place: County Health Office, 7375 Mission street, Daly City.

Consolidated Precinct Mission No. 1 (Consisting of County Precincts Mission Nos. 1 and 2) Polling place: Colma Fire House, East Market street, Colma.

COLMA --- BROADMOOR GARDEN VILLAGE

Garden Village Couple To Marry Early Next Year

It will be wedding bells January 21 for two residents of Garden Village, Miss Marjorie Holbert and Harold Frank.

The young couple will be wed at the home of Miss Holbert's parents, Dr. and Mrs. Irving Holbert, 121 Garden lane.

Although only a resident of Garden Village for the past year, Miss Holbert is not unfamiliar with the Bay region. She graduated from Lowell High school in San Francisco and attended the University of California. At the present time she is employed by a San Francisco optical company.

The groom is the son of Mr. and Mrs. Joseph Frank, 1770 Sweetwood drive. A native of New York, young Frank came to this region in the army. He liked it so well he decided to return after the war.

At the present time Frank is employed by the Pacific Gas and Electric Co.

After the wedding, the couple will make their home at 1770 Sweetwood drive.

Announce Topic For Broadmoor Lutheran Church

General theme of the sermons for the next three Sundays at the Lutheran Church of Broadmoor is "The Real Owner."

Stressing the need and the blessings of a genuine Christian stewardship life, The Rev. Max Zschneider will have as his theme, "Myself, Am I My Own or God's?"

Meanwhile, the final date has been set for the second meeting of the mothers of the pupils of Broadmoor Lutheran Sunday school and all ladies of the new congregation. It is Tuesday, November 8, at 8 p.m.

Mrs. E. Bowlin of 1028 Nimitz drive will play host to the group which will meet to hear a brief discussion led by the pastor and to organize into a Mothers' Club for the Sunday school. Plans will be discussed at this meeting in connection with the Christmas program the Sunday school is planning. All mothers of Sunday school pupils are urged to be present if possible.

NEW PLAYGROUND TO BE BUILT FOR BROADMOOR VILLAGE "TINY TOTS"

The tiny tots of Broadmoor Village soon will know there is a Santa Claus and it won't be because December 25 is nearing. Instead, Old St. Nick is appearing in the form of the generous spirited citizens who are providing a public playground for kids up to the ripe old age of six.

And what a playground. There will be galore teeter totters, chair swings, slides, and things known as Jungle Jims. In truth, there will be just about everything necessary to tickle the tots that have just learned to toddle.

How is all this coming about? Well, first let us take Henry Doelger, the home builder. When he heard what was afoot, he modestly offered the property on MacArthur drive and Midway avenue, measuring about 65 by 175 feet.

Of course that was delightful, but what about the rent? Mr. Doelger inquired if one dollar a year would be satisfactory. Then the first big hurdle was made.

Next, there was the matter of a pump to be covered. So Mr. Henry Stoneson, who also builds houses, said he would take care of that. Result — a fine new structure.

Then came the question of tan bark for the ground, the many gadgets to amuse the tots and etc., and the Broadmoor Property Owners Association, which fathered the idea to begin with, went to work.

It called on the members of the American Legion and Veterans of Foreign Wars, and the Broadmoor Business Association in reference

Tots' Playground To Open Soon

Children in the Broadmoor, Garden Village community will have a place to play soon.

A playground, for youngsters up to six years of age, will be opened early this month at the corner of MacArthur drive and Midway.

The one-tenth of an acre is now being cleared, and a limited amount of equipment installed. However, the majority of swings, sand boxes, and so on must be donated by the citizens.

Persons wishing to give something to the playground are asked to contact the Broadmoor Property Owners Association.

to raising funds.

No sooner said than done. Immediately all of these folks went to work. And that's where the thing is today. When they have completed their rounds, the playground will be finished.

In case there are a few extra dollars necessary, the property owners will raise them through social functions of one kind or another.

In charge of playground project is Don Hager, chairman. And ably assisting him is Elman Rose, director of recreation in Daly City.

American Legionnaires Make Tidy Sum At Dance Held For Building Fund

According to the latest tally, something like four hundred iron dollars have been added to the cash on hand of the American Legion Post 824 in Broadmoor, as a consequence of the shindig held last Saturday in Colombo Hall, Colma.

It was a costume affair, and how the lads and lassies turned out. No wonder, there were cash prizes for the winners, amounting to \$125 in Savings Bonds, redeemable by your good old Uncle Sam.

In all, some 500 folks tripped the light fantastic before the strutting eyes of the exacting judges. After due deliberation it was decided that Mr. and Mrs. A. F. Kasso, of 1840 Louvaine drive, were the winners. They marched off with a \$25 bond.

Their costumes were what did it. She was made up to resemble an angel, with wings, flowing gown and all. While he portrayed the very opposite, old Satan himself.

But the piece de resistance was the big award. Mr. and Mrs. Gordon Maher, of 720 Larchmont drive, proved to be the fortunate couple. And they have Mrs. Alice Bird to thank because she made the selection.

With it all an excellent purpose was served. The proceeds will go toward the building fund of the Post, which when completed will be invested in a Legion hall.

There is no concern over the plot of ground on which it will stand. It is understood that one of the public-spirited citizens of Broadmoor will donate the site.

Girl Scout Troop No. 1 Holds Party On Hallowe'en

By Esther Larson
Girl Scouts of Troop No. 1 enjoyed a Hallowe'en party at their regular meeting, October 31.

Costume designing and modeling were the outstanding contests. One-half the girls were designers, while the others were models.

Working with pins and papers, the designers dressed the models. Prizes were awarded to Edith Prescott, Claudette Covell and Patsy Phillips.

Apple jack-o'-lanterns were made by the girls, and Esther Larson received the prize for the best job.

Highlight of the meeting was the Court of Awards, at which time Esther, Patsy Michelson and Edith Prescott received their 2nd class badges. Grace Hernandez was invested and welcomed into the troop.

Refreshments were served by the troop leaders, Mrs. Michelson, Mrs. Larson and Mrs. Prescott.

Meanwhile, Patrols A and B took part in the second "cook-out" of the fall. The girls prepared menus and cooked the food out-of-doors.

This Saturday the two patrols will combine to cook on "Buddy Burners" which they have made.

The "cook-outs," under the supervision of Mrs. Larson, are being held in her back yard at 315 Templeton avenue.

BROADMOOR TURNS THUMBS DOWN ON ANNEXATION TO DALY CITY AT TOWN MEETING HELD FRIDAY NIGHT

Chances of Broadmoor soon becoming a part of Daly City appear nil today, following a town meeting of Broadmoor citizens last Friday night.

The general consensus at the meeting, attended by close to 300 persons, was that annexation at this time is undesirable.

Principal reason put forth for the attitude was that the increased tax rate would not warrant the benefits derived from becoming a part of Daly City. The benefits, such as increased fire and police protection, would cost more in taxes than they were worth, citizens believed.

Other reasons against annexation as voiced by residents were:

1. The general real estate value of Daly City property is much lower than that of Broadmoor. Consequently, if Broadmoor was annexed, property rates in that area would decline.

2. Daly City is not a first class city, residentially speaking. It is far from being a desirable residential community.

3. The present governing administration of Daly City is not of the best, and this might reflect on the future growth of Broadmoor.

It should be stressed, however, that the aforesaid was only the opinion of citizens speaking at the town meeting. It is in no way the opinion of one way or the other, of the Broadmoor Property Owners Association, who introduced the question of annexation for consideration.

Broadmoor Homes To Be Decorated For Xmas Season

Santa Claus will be given a royal welcome this year by residents of the Broadmoor, Garden Village area through individual home decorations.

Home owners today were making plans to brighten the outside of their houses with all the appropriate greenery and lights associated with the holiday season.

Perhaps the incentive for this action is Christmas, or the many prizes offered by the Broadmoor Property Owners Association for the best decorated homes.

December 22 the homes will be judged, and the one with the best external decoration will receive a \$75 U. S. savings bond. Other prizes will be given for second and third place.

There are no rules for the contest, other than the ornaments, whether in or out, must be plainly visible to anyone passing on the streets. The type of decoration depends wholly on the ingenuity of the home owner.

Map Completed For Broadmoor, Westlake Street

Preliminary maps for a road connecting Broadmoor and Westlake have been completed, A. J. Bodien, works superintendent, said today.

A map showing the proposed new street will be submitted Friday to the San Mateo County Planning Board by Bodien and Mayor Paul Green.

The map calls for a road from 87th, 200 feet west of White street to Highway No. 1 and the business district in the new Westlake project. In addition, a cut-off on the proposed new street would give residents of both areas a new route to Lake Merced boulevard. The cut-off would come approximately at the south west corner of Lake Merced golf course, go west to about White street and then swing north to the boulevard.

The mayor and Bodien will confer with the board, and make plans to submit the proposition to the San Mateo county board of supervisors for their approval. The Planning Board has already tentatively agreed to the plan.

Cost of the new road would be shared between the county, Daly City, residents of the area, and builders.

Pictures of Children
In Jeff School District
To Be Taken Nov. 8 to 16

Individual pictures of students in the Jefferson elementary school district will be taken November 8 to 16, it was learned today.

A San Francisco studio is taking the pictures at the schools. Notice will be posted in each of the schools when the photographer will be around.

Purpose of the project is to furnish the school as well as parents with pictures of the children.

Some of the local PTA's have endorsed this idea. Further information may be obtained from school authorities.

The giant African snail, Achitina fulica Ferussac, was first reported from the Island of Madagascar and the mainland of Africa.

putting up the new mercury lamps on Mission street. It is hoped the new modern lighting will be completed by Christmas, Mayor Green said.

In connection with the building job, a delegation of civic leaders from Garden Village were on hand seeking a guarantee that any new building will not cut off traffic on Garden Gateway. This is the road from Sullivan avenue to Junipero Serra, located almost in the center of the present market's parking lot.

Mayor Green assured the Garden Village delegation that the street will not be blocked.

In other business before the council Monday evening, City Engineer R. A. Klassen was instructed to go ahead with a survey for laying an eight-inch water main the whole length of Junipero Serra boulevard in the Daly City area. At the present time a conglomeration of water pipes now serves this growing business district.

Mayor Green said Klassen should probably finish the survey within the next few weeks. After that bids will be asked on the job.

The city also urged P. G. & E. to proceed as quickly as possible with

Broadmoor Water Rate Question Under Discussion

Although everyone in the Broadmoor area seems agreed that present water rates are too high, there appears to be a division of opinion as to how they can be reduced.

This was evident at a public meeting Friday night when Howard Richardson, president of the Broadmoor Property Owners Association, presented a possible plan for reduction.

Briefly, the California Water Service Co., who now supplies the Broadmoor area with water, agreed to cut rates approximately 10 per cent for all users of 1600 cubic feet of water or less. Those who use more water would face a slightly higher rate.

Richardson believes the average water consumer uses far less than 1600 cubic feet, and therefore the plan as offered by the company appears reasonable.

However, some people at the Friday night meeting disagreed, and asserted in reality it would mean a boost in rates.

"I've examined over 100 water bills," Richardson said. "And everyone of them would have reductions of from 1 to 15 per cent if the company plan was adopted."

At the present time the Daly City water user pays \$2.15 for 600 cubic feet of water, while the Broadmoor resident pays \$3.16 for the same amount, Richardson said.

Daly City, however, has its own water system and is not dependent on any private company.

Richardson says he will not make another move until he has studied the company's plan further. However, the president is faced with one of three possibilities: First, he may return to the company and ask for better rates.

Second, he may go to the Public Utilities Commission and ask for some action. Third, he may ask the people of Broadmoor to accept the present company offer of the approximate 10 per cent reduction.

Future action may depend to a great deal on the PUC's reaction this week to a CWS company proposal to raise present rates in San Mateo.

Legion Ladies Make Big Plans

Things are going to be mighty cozy in the American Legion building, soon to be erected in Broadmoor, if the Ladies Auxiliary carries on according to present plans. It has a number of schemes on the fire that will acquire the necessary furnishings.

For instance, at present, all of the girls are collecting stars from Folger's coffee cans. When they have 1,500, they will turn them in for a 48-cup coffee urn, which will keep plenty of java hot for the boys and girls at meetings, and other engagements.

Also, the ladies sold hot dogs and coffee at the Legion dance last Saturday night, held in Colombo Hall, Colma, and they picked up a pretty penny, according to reports.

Then again, they operated the hat check stand at the party, netting more shekles, all of which will go toward buying dishes, cutlery and other house furnishings.

Rec'n. Director Reports Progress On Plans For \$101,000 Park Projects

Midway to completion today are plans for the \$101,000 park improvements in Daly City, Elman Rose, recreation director, said.

To date plans have been drawn up for improvement of Marchbanks and Lincoln parks. Now under discussion is the project for a park in the Edgemar tract area.

Still to be investigated are parks in the south end of Daly City and in the Crocker district. Nothing will be done here until the city has completed purchase of the necessary land.

Broadmoor Presbyterian Church Women's Group To Meet November 8

Meeting at 8 o'clock Tuesday evening will be the Broadmoor Community Presbyterian Church Women's Association.

The meeting will be held at the home of Mrs. Herschel Jones, 8 Village lane, Garden Village.

Feature of the evening will be the candlelight installation of the newly-elected officers.

All women interested in the work and fellowship of this group are cordially invited to attend. Further information may be obtained by calling JUNiper 7-8755.

Broadmoor Church To Hold Classes

Communicant classes for younger and older persons interested in exploring the church, are now being organized by the Broadmoor Community Presbyterian church.

All those interested in such classes are invited to contact The Rev. John Glasse in person or by phoning JUNiper 7-8755.

"Attendance at the classes does not obligate anyone to unite with the church," Rev. Glasse said.

Time and place of the prospective classes will be announced at a later date.

PASSING ON HIGHWAY

Drivers who race with cars that are trying to pass them on the highway are endangering their own lives and the lives of others. When being passed, the wise motorist will slow down, and pull over to the right a little, and permit the other fellow to get by.

Along a 2000-mile front, the German armies invaded Russia on June 22, 1941.

California's mineral production in 1948 had a value of \$1,099,703,000.

ALERT!

Every muscle tense . . . every sense attuned to their surroundings . . . they're ready! A scent, a sound, a glimpse of the unexpected and they will streak silently into the forest. They're alert, but their alertness indicates a readiness to run away.

Rightly man scorns that kind of alertness. For human achievement is born of a different alertness. When men are awake to their opportunities, alive to their responsibilities, brave to their challenges . . . then progress is realized, goals are reached.

Our religion helped to establish this human standard of alertness, and our churches constantly inspire men to achieve it. For when the mind is attuned to life's environment, and the soul is attuned to God, then a man has the wherewithal to go forward to greater goals.

True alertness begins when we discover the riches the Church can add to our lives!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Daly City Court St. Mary's, Catholic Daughters Of America Launch Two Week Membership Drive

Opening a two week membership campaign today is the Court of St. Mary's, Daly City unit of the Catholic Daughters of America.

There are now close to 150 members in the organization. However, many more women may join who are either residents of Daly City, Broadmoor, Garden Village, or Westlake.

The new members will be initiated at a special meeting of the 19-year-old organization November 17.

"When a group of women meet for social folk dancing, and devote part of their evening to helping the ill; and when that same group adopts a family in Poland and in addition keeps prison inmates well supplied with readable literature... that's a group worth knowing," Mrs. Fred J. Wettstein, grand regent, said.

From all over the area, and from almost every parish in San Francisco, women meet at the court headquarters twice monthly, in Daly City Masonic Hall, 17 Hillcrest drive.

On the first Thursday of the month, these ladies don peasant skirts for some old-fashioned recreation. At the same time there is a sewing circle going in full swing, making dressings for hospitals.

Then, on the third Thursday of each month, the ladies meet to measure their progress with a short business meeting followed by a social. A book report from a member of the court's study club is a highlight of the night.

The club's work with prisoners at Folsom penitentiary is another feather in each member's chapeau. Catholic magazines and books, 6-538 to date, are rounded up and given to the men for constructive reading.

Anyone wishing to join this fine organization is asked to contact either Mrs. Wettstein at ATwater 2-4218, or Mrs. Milton Weckerle, extension chairman, at JUniper 7-5289.

Over 400 People Attend Eagles Barn Dance

Over 400 people last week attended the Colma Vista Grande Aerie No. 1848 Auxiliary barn dance.

Folk dances were put on by the "Little Brown Jug" group from South San Francisco. Mrs. Dorothy Marchant is the head of this talented group.

Decorations for the evening dance were under the supervision of Mrs. Edrie Summers Sr. and Mrs. Agatha Heyden.

"Elsie," it was noted, was present. She spent the evening observing the dancers and chewing her cud.

Music for the evening was furnished by the Eagles "Hay Wire" band.

Various gifts were taken home by Mrs. W. Pealkee, Mrs. Steve Holcomb, Mrs. Louis Storm, Mrs. Frances Nensiel, Mrs. Steve Holcomb, Mrs. B. Rankin and Mrs. Bill Carrington.

Girl Scout Troop 16 Holds Party

by Carol McInerney

Girl Scout Troop No. 16 held a regular meeting October 26 at 101 Parkview avenue.

The meeting was opened at 3:30 p. m. and the dues were collected. The troop was holding a Halloween dinner party this week.

Every girl participated in bringing something, and helped to make the party a success. Spaghetti was the main dish for dinner.

Games such as bobbing for apples and bean on the straw were played. The meeting was held over time and was closed at 6 p. m.

Ocean View Church Holds Centennial Bazaar This Week

A two-day "Centennial Bazaar" in the motif of the '40s will be held this week end at the Ocean View Congregational Church.

This Friday and Saturday concessions and games of all kinds will be featured at the bazaar. Doors will open at 1 p. m. Friday, and at 4 p. m. Saturday.

In addition to the regular booths and various types of entertainment, a special tea is planned for Friday at 2 o'clock. Everyone will be invited to take part when the cups go around.

Then on Saturday night from 5 to 8 o'clock a supper will be offered at the church. Charge for the feast will be surprising low.

All money from the bazaar will be used by the church to further its activities in this community.

Wedding Bells Saturday For Eimar Sandberg And Bride

Hats off in the wedding department today to Mary Treankie and Eimar Sandberg, who proved once again that age is only a relative matter.

These two well-known Bay Area business people will be married this Saturday at 4 o'clock. And although neither are telling their age, the bride to be has been selling real estate in San Francisco for the past 30 years, and Sandberg has spent an equal amount of time in Daly City.

The bride will be married in her home at 611 41st avenue, San Francisco. She will be given away by her son, Henry J. Treankie Jr., an agent for a well-known English life insurance firm.

Following the wedding, a large reception will be held at Dover Hall, 3543 18th street, San Francisco. This will begin at 6 o'clock.

After the reception, the couple will honeymoon in southern California. Upon their return, they will make their home at 611 41st avenue, San Francisco.

Most of man's migrations throughout the centuries have been in search of grassland for grazing cattle and sheep.

The deepest known place in the Antarctic regions, Pacific Sector, is 17,712 feet, about 1200 miles west of Magellan Strait.

Vic Vet says

DON'T WRITE VA ABOUT YOUR GI INSURANCE DIVIDEND! APPLICATION BLANKS ARE AVAILABLE IN POST OFFICES, VA OFFICES AND FROM VETERANS ORGANIZATIONS

will return to their home in Daly City.

Hallowe'en was celebrated at the home of Mr. and Mrs. Louis Donati, 43 West Cavour, by a party for their 11-year-old daughter Diana. Some 13 guests were present to enjoy refreshments, served from a table decorated with pumpkins and toy witches. In addition to the food, the children also entertained themselves with song and piano recitals. Present were Diana, Carol and Maria Bocci, Donald Estevez, Gladys Grassini, Charlene VanVleet, Dina Gaccino, Jackie and Nadine Baher, Pamela Hix, Louis Donati Jr. and Loretta Lagomarsino.

Mrs. Lorene Gardiner of this city is now in Arkansas. She is with her mother who suddenly became critically ill. Mrs. Gardiner will return here sometime later in the month.

Mr. and Mrs. Philip Diltz, 129 Woodrow, played host to four children last Sunday, all of whom were celebrating birthdays. Only one of the children, Phyllis Ann, bore the Diltz proud name. All the other were from around the immediate neighborhood. Although all of the children did not have birthdays on Sunday, for the sake of the party, the day of their respective births was moved up or back a day. Present, and blowing out candles were Phyllis Ann Diltz, Shalane Wakehouse, Theresa and Yolanda Tarango.

Mrs. Marcie Trier, the lady behind the desk at Daly City library, had the surprise of her life last Sunday, she says when neighbors gave her a pot-luck birthday party. She and her husband were just finishing the Sunday paper, when the well-wishing neighbors descended on their home. Mrs. Trier was "carried off" to the home of Mr. and Mrs. Philip Diltz, where the surprise party was held. Couples who made this big event possible included Mr. and Mrs. Emil Miller, James Hamilton, Oscar Tarango, Frank Duffy, Art Waldvogel, the Whitmans and many others whom, due to her excitement, Mrs. Trier was unable to name. What was the effect of the party on Mrs. Trier. Well, Monday she accidentally placed a copy of "Gone With the Wind" next to the life of "Sherman."

Jeff High "Guff"

By Bettie Duffy

"JOHN LOVES MARY"

Friday night, November 4, Miss Seaton's speech department play, "John Loves Mary," opens in the Jefferson auditorium at 8 o'clock. Tickets will be sold at the door for the mere price of 50 cents. You'll really enjoy this hilarious comedy which stars Lyndy Rivera as Mary, Steve Ward as John, and the many other students who have worked very hard to bring this play, "John Loves Mary," to you.

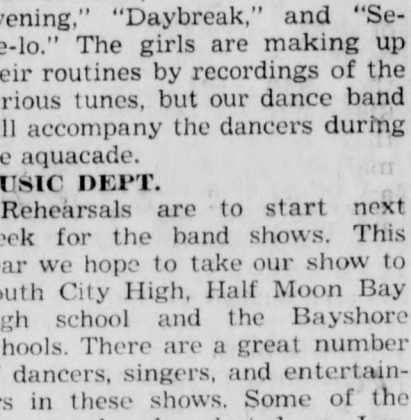

W.A.G.
At Monday's meeting of the World Affairs Group held a round table discussion about United Nations. This group's spirit was shown in their well-planned assembly which was presented to the student body last week.

SPANISH CLUB
Plans for future activities were discussed at last week's meeting. A picnic is slated as the club's first social. The exact date will be decided upon at the next meeting.

GIRLS' GYM CLASS
The dancing class has come through with many good ideas for their original dances. The girls' gym teacher, Mrs. Parkhurst, will choose the best ones for the aquacade. Some of the tunes the girls are dancing to are "Beyond the Blue Horizon," "Some Enchanted Evening," "Daybreak," and "Someday." The girls are making up their routines by recordings of the various tunes, but our dance band will accompany the dancers during the aquacade.

MUSIC DEPT.
Rehearsals are to start next week for the band shows. This year we hope to take our show to South City High, Half Moon Bay high school and the Bayshore schools. There are a great number of dancers, singers, and entertainers in these shows. Some of the dancers already selected are Lorraine Remmer, Bettie Duffy, Jean London, Peggy Jones, Doris Roth, Evelyn Madriago, Bea Cassassa, Marion Newcomb and a good many others. The shows put on last year at the various schools on the peninsula proved to be very successful, so this year again we hope to put on a good show.

Fathers Are Honored Guests At October 28 Bethel No. 26 Meeting

Honored at the October 28 meeting of the Bethel No. 26, International Order of Job's Daughters, were the fathers.

The meeting was held especially in their honor.

Elaine Plasberg presided at the

Carol Schoning To Wed George Bignotti Saturday

Mr. and Mrs. William B. Ottoboni of Daly City's Tanforan Flower Shop today announced their daughter, Miss Carol Schoning, will marry Mr. George Bignotti, Saturday, November 5.

The wedding will be held at 5 p. m. at the Church of the Epiphany, Amazon and Naples, San Francisco.

Miss Schoning is well known in Daly City as at the present time she is the manager of the Tanforan Flower Shop.

Mr. Bignotti, son of Mr. and Mrs. James Bignotti, 21 Concord street, is a midget auto racing star. He now holds the championship in this highly competitive field.

Following their wedding, the couple will travel to Detroit for their honeymoon. Upon their return they will make their home at 1130 Brunswick street.

"Record" Reminiscence

From the "Record" 10 Years Ago November 1, 1939

Possible construction of a civic auditorium for Daly City was once more under discussion this week. It was estimated that project would cost from \$25,000 to \$45,000.

All bids for the proposed resurfacing of Brunswick street from Acton to Oliver were rejected at a meeting of the city council Friday night.

The curtain will rise on Jefferson High school's first dramatic entertainment of the year, Thursday with the presentation of "That Old Gang of Mine." Players to be featured include Weston Yapp, Roy DeVincenzi, Charles Yonon, Evan Gillespie, Lawrence Lomas, Fred Cahoon, John McCann, La Joe Mon Santo, Emil Harasin, Elaine Hanson, Margaret Berardy, Ruth Morris, Charlotte Weat, Evelyn Ciemoli, Muriel Hollingsworth, Harry Clark and Wallace Bellando.

Jefferson gridders upset the apple cart and made the forecasting wise guys eat their words Friday when they beat San Mateo by 10 to 0.

Members of the Knit-N-Stitch club attending a costume party at their last regular meeting were Elsie Hunter, Eda Torrance, Lottie Renney, Anna Mae Cordellos, Betty Eschenauer, Ema Lederman, Bernice McNeerney, Marie Johansen, Angie Del Grande, Lillian Yates, Bertha MacCarthy, Helen Peck, Lottie Lupton and Dolly Roberts.

The Mothers club of OLPH school held an election this week and elected Mrs. Sophie Klinger, president; Mrs. Marion Schubert, vice-president; Mrs. Lorraine Wall, recording secretary; Mrs. Margaret LaHaye, financial secretary, and Mrs. Elsie Thompson, treasurer.

From the "Record" 20 Years Ago November 1, 1929

The Daly City Theatre is now under new management, and the Jefferson Theatre Corporation including A. L. Stockton, H. H. Smith, R. C. MacArthur and H. Fellows.

The Daly City Camp Fire Girls held a costume Halloween party at which the following were present: Irene Twosten, Helen Waite, Catherine Aiello, Mattie Witte, Rose Moran, Florence Christen, Helen Knoll, Eleanor Bodien, Louise Nittel, Laveta Hicks, Gladys Oakley, Irene Malakowski, Frances Walt, Karma Bassett, Myrtle Augustin, Mary Swan, Lillian Crawford, Elsie Eldup, Dorothy Eldrup, Ruth Smith, Theresa Compagni, Charlotte Godfrey, Marion Mansfelt, Mary Phelan and Katherine McKeown.

At the regular meeting of the city council, Mayor H. H. Smith asked for a mail box to be placed at Citrus avenue and Woodrow street for the accommodation of the residents of that area.

An army of Pacific Gas and Electric Co. workers invaded Daly City this week to install pipes for natural gas to the residents of the area.

Maurice Chevalier was starring in "Innocents of Paris" at the New State Theatre. Meanwhile, the Daly City Theatre announced in large type that the "Talkies Are Coming."

The first Russian settlements in California were at Bodega Bay, Fort Ross and Salmon Creek Valley.

meeting, which was followed by some entertainment under the direction of Louis Forsyth, Jean Skinner and Shirley Combs.

By Lorraine DeFanti

Threefold is the appeal of Arthur Pocock's *Red Flannels and Green Ice*, an account of a voyage to Greenland and the Arctic Circle on a wartime Coast Guard cutter, "The Laurel."

One finds within the covers of this work, now available at your Daly City library, a sea story, a travel book and a tale of humor.

The author, Lieutenant Arthur Pocock, freshly out of the New London Coast Guard Academy, learns that he has been assigned to Greenland duty. From the moment he is informed of this the book embarks upon its humorous course.

As far as the students at the academy are concerned Greenland is comparable only to Dracula's ennui—a place where all good icebergs met. The only logical explanation for such a fate befalling any of the men at the academy was applied voiced by one Greenland-bound man who having learned of his "northern" assignment remarked, "One of the instructors here must have had it in for me."

With this attitude prevailing among the crew members, Pocock takes the reader with him on the trip which he describes as "four months of living hell in the Canadian Arctic."

As executive officer on board, Pocock introduces the entire crew. He familiarizes the reader particularly with Captain Henley, who thought it was fun to go on a four-month dogged trip alone; Lieutenant Yates, who loved to sing and whose good looks captivated many an eskimo girl's heart, and DeBose, the seward, who described the jello as having a red flavor. Each of these men, in their own individual manner, add color and interest to the story.

The author describes at length the difficulties which glaciers, blizzards, and other Arctic phenomena present to the ship and men whose mission it was to leave supplies and personnel and to bring back exhausted items in both categories. The trip includes three various bases in Greenland, one in northern Labrador, and assorted airfields and weather stations on Baffin Island. Pocock also talks and comments about the life and habits of the Eskimos as he observes it in the bases where "the Laurel" is commissioned to stop, and not a few smiles are invoked as a result of his observations.

Pocock includes in this rollicking account of the Coast Guard's Greenland patrol excellent anecdotes and an active and witty turn of phrase. His description of the icy environment is so picturesque and realistic as to make one feel he is actually on board the "Laurel" with the rest of the crew.

The author concludes his extremely graphic account by telling the reader that here is a sullen, passionless world of things he has hated, and feared—ice, snow, blizzards and isolation—and yet, this land has staked a claim in his heart. The white-fanged mountains and blizzard-gored valleys that are Greenland possess a majestic splendor all their own.

A winner of the Random House servicemen's prize contest, *Red Flannels and Green Ice* is an amiable and well-informed book.

The following new books are now available at the Daly City Public Library:

FICTION
"I Married a Redhead," M. Muselman; "Gold Is Where You Find It," H. C. James; "Live With Lightning," M. Wilson; "Weeds of Violence," M. Schenck; "The Oasis," M. OLPH Mothers' Club To Hold "Tenth Anniversary Dance" At School Saturday: Everyone Is Invited

Swing and the stately waltz will each have a place at the "Tenth Anniversary Dance" sponsored by the Mothers' Club of Our Lady of Perpetual Help school Saturday.

The dance, to begin at 8:30 p. m., will be held in the OLPH school auditorium. Music for the evening will be played by those famous lads of smooth and mellow music, the Eddie Harkness orchestra.

Keeping in pace with the holiday season, the school auditorium will be decorated in some fit motif.

All proceeds from the affair will go to the OLPH school.

Tickets for the dance may be obtained at the door of the auditorium at a nominal sum. Everyone is invited to attend.

Mrs. Mary J. Pielsmann is in charge of decorations and refreshments. In this latter category, the women offer the best in both solid and liquid items.

Assisting Mrs. Pielsmann are Mesdames Eleanor McDougal, Ann Drury and Maureen Molloy.

"This is a splendid opportunity for all parents and friends of OLPH school to meet," Mrs. Pielsmann said. "We hope to see all the OLPH people at the dance."

Turkey Dinner At Church Bazaar Wednesday, Nov. 9

Chow is on this Wednesday, November 9, when women of the Council of the Grace Presbyterian church serve up a turkey dinner.

The dinner will be held in conjunction with the bazaar of the same day.

Both bazaar and dinner will be at the Daly City Masonic Hall, 17 Hillcrest drive. The bazaar will feature booths with various types of home sewn artistry. These should afford many useful and beautiful gifts for Christmas.

Doors to the bazaar will open at 10 a. m. and sales will continue throughout the day.

In addition to the many booths, lunch will be served at any hour.

But, back to the turkey dinner. This will climax the day, and the bird will hit the table from 5 p. m. to 7:30 p. m. Everyone is invited to come and enjoy their first home cooked turkey of the holiday season. Needless to say, the price will be more than reasonable.

Mrs. Walter Kesler and Mrs. Henry Adams are in charge of the dinner.

New Arrivals In Daly City and Vicinity

To the wife of Valerian G. Penk-off, 248 Charles avenue, October 19, a daughter.

Fourth Graders Win Gen. Pershing PTA Membership Drive

By Mrs. E. K. Whinnien

Mrs. Margaret Clark's fourth graders were the winners in the General Pershing P.T.A. membership drive, conducted by Mrs. Arthur Benofsky and Mrs. Ruby Lupton, co-chairmen of the membership committee, with a 100 per cent sign-up.

Mrs. Clark and her class may well be proud of this achievement, and hats off to Mrs. Lupton and Mrs. Benofsky, for the fine job they did.

As promised by the membership committee, a party was given at the school for the winners.

The tables were decorated in the Halloween theme, with orange and black crepe paper. Ice cream and cookies were served to 50 guests including four adults. One adult Mrs. M. J. Cook, is room mother for the fourth grade, and assisted Mrs. Benofsky and Mrs. Lupton with the party.

The executive board met at Mrs. D. C. Gensel's October 27 at 7:30 p.m.

November 8 was set at the date for the "Nose Bag" lunch at the school, and tuna fish, bologna, egg salad and peanut butter sandwiches were decided on. Also included in the lunch will be fruit and cookies. The lunches will sell for 15c.

Mothers! remember the date—November 8.

Other people who helped were Mrs. Erle Johnson, Mr. and Mrs. R. F. Traxler, Mr. and Mrs. James Jordan, D. C. Gensel, A. S. White, Mrs. Ann Ingersoll, Harry Reid.

Thanks to the following people for decorating the school for the event: Mrs. Traxler and Steven, Mrs. Freeland and Bruce, Mrs. Gensel and boys.

Meanwhile, at the regular meeting of the General Pershing P.T.A., November 1, Mrs. H. P. Eder, of Burlingame, gave an excellent talk on "Aid to the Hard of Hearing."

Mrs. Eder told how teaching these children was started as an experiment at the Burlingame elementary school about a year ago. At the time there were eight children and one teacher. The beginning was difficult, with many obstacles to be overcome, but by per-

sistent effort and the loyal support of George White, superintendent of elementary schools, in Burlingame, the experiment has been successful, and the school now has fifteen pupils and two teachers.

The children range in ages from four years to twelve years, and from the hard of hearing to the deaf. There is a waiting list now, but the school will be expanded as he need grows and funds and equipment are made available. Any child in San Mateo county is eligible, and may be placed on the waiting list and will be accepted as a pupil as soon as there is room for him.

Mrs. Eder explained to the assembly some of the methods of instructing these handicapped children and the results obtained. One child who was a pupil in the school last year was able to enter the first grade in regular school this year.

The great need is funds to buy necessary equipment. A group wearing aid has been developed but is very beneficial in teaching these children, but it is very expensive and the maintenance cost is high. The school is anxious to obtain this hearing aid, and Mrs. Eder made a plea for contributions by P.T.A. groups. General Pershing P.T.A. gives its support to this project, and it is hoped all P.T.A. groups will join in supporting this humanitarian school.

Other business brought before the meeting was a report by the membership committee, a date set, November 16, for taking the school children's pictures, and an invitation to the YMCA to explain its summer camps to the assembly at the January meeting.

Mrs. R. F. Traxler will chairman a toy fair to be held in December. Anyone interested in making dolls, doll clothes, stuffed animals, or contributing toys or money for this event, may do so by contacting Mrs. Traxler, Juniper 4-6536.

Mrs. Traxler, Juniper 4-6536, gave an interesting talk on the preferences of children of different age groups, in books. She also touched on a reading contest sponsored by the Junior League of Burlingame and San Mateo. The plans are not fully developed yet, but the child who reads the most books of a specified list, would win a prize.

Girls from the fourth grade, led by Little Gwen Topping, sang three little Spanish songs for the delight of the assembly. The girls were Carol McKenna, Arlene Anderson,

SO WHAT

Are you one of the folks who find pleasure in pulling up to a drive-in for a lazy snack? You know that form of partaking of victuals and whatnot is all the rage down south. In fact there are so many of them in the environs of L.A., they are fairly falling over each other.

In any case, we learn that this area soon will be invested with two more of them. Ah, but that's only half the story. According to our informant, they will be the mammoth type. There will be space to accommodate some one thousand cars alongside each one.

That means plenty of employment, a mighty pleasant piece of news. Any number of car hops will be required, not to forget all the others needed to keep a big place in operation.

Now the locations, as we have been informed, are: one will be in Old Mission road, in Colma; while the other will be situated at the head of Guttenberg road.

Nevertheless, we understand the owner is the Mission Amusement Company, one of considerable proportions.

How about a free turkey for Thanksgiving? That's a pretty sounding line, isn't it? What with times as they are. Anyway, there is a chance for you to latch on to a big bird gratis, at the Daily City Theatre on November 15 and again on the 22nd.

Here's the nubbin of it all. The owners of the Farmers Market and the Mission Cannery want to acquaint you with their stores, so they are giving away the tall toms.

Five will go to the lucky ones on November 15, and 10 will be dished out on November 22.

How about it? Perhaps it will be your lucky night.

Speaking of the theater, the management has only kind words for the kids in Daly City. On Halloween, when tikes throughout the rest of the area were raising conceptions in places of amusement, the local offspring caused

Mary Ann Gensel, Jane Ann Schmale, Rosina Eastwood, Yvonne Porrior, Lucille Morris, Linda Weinholz, and Margaret Wallace.

Mrs. Clark's room won the prize for having the most mothers.

nary a peep. In truth, nothing was destroyed, marked or maimed in the entire local establishment.

Rather an A for effort, we say. For it so happened we drove down town and what a time we had. The first thing that caught us was a small pail full of water, right on the snozzola.

How, you ask? Of course, we didn't know it was coming. Then bingo, like that, we were full of wet.

Seems that the lad must have had plenty of practice. Perhaps he had been wielding the pail all day and into the night. Anyway, he had become so adept at it, his aim was perfect and his speed was like lightning.

Next, we slowed down, and before you could say Joe, every window and all of the sides were smeared and dabbled with soap.

Yes, we should have stood in Daly City.

While in the vein of tough breaks, we learned about an odd one in the theater. About a month ago when the frigid weather suddenly swooped down on Daly City, the furnace played dead. Not a ripple of heat could be made to rumble up to the main floor.

Fortwith, word was hastened down to headquarters. Then repair men were hustled to the scene but all to no avail. Finally, it was decided that only a new system, costing about \$4,000, would turn the trick.

For the best part of a month, men labored all hours to get the job done. Meanwhile, the chill continued with a vengeance.

At last the work was done about a week ago. And what has been the answer? Why of course, each night it has been too warm to turn the darn thing on.

And now for the lighter side. The operation of a service station long has been a concern of this department. We have wondered about the business because rarely do you ever read or hear about one being gyped.

Daily, dozens of cars constantly roll up to the pump, with the owners demanding everything from a heap of gas to a hairpin. Yet everything seems serene and easy as though the items were free.

Oh yes, we know there have been many station holdups, but we never have heard anything of the nefarious clients who victimize shop keepers and the like.

So last night while we were getting two cents worth from Frank

Rehe, who runs a service station at Flournoy and Mission, we queried him about such goings on.

At first he denied he was ever a full guy for such didoes. But upon a little prodding, he pointed to a sign in his shop which relates in so uncertain terms just what he thinks of city slickers.

Then he explained. It seems that he hadn't been in business very long before a neat looking job pulled up to his stand. "Fill her up," was the terse command. Whereupon Frank smiled to himself as he mumbled something to the effect that he wished all of his customers would sing that song.

Once the gas was safely in the tank, the driver turned to say, "I'm sorry, old man. I find I am out without my wallet. Will you be good enough to accept a check?"

Frank hesitated for a moment as he looked the rig and the man over. Then, more nonplussed than anything else, he said, "Sure."

Two days later when he went to the bank, Frank got the bad news. The check not only bounced all the way from San Francisco, but the address given by the cheap chisler proved to be a vacant lot.

Frank shouted that was the part that got him. "It was tough enough to be stuck for the gas," he yelled, "but the rat didn't have to rub it in by saying he lived in a vacant lot."

After cooling down, he said, "You should have been here the next time a check guy came in. I said sure, alright, only I added he would have to leave his car until it came back from the bank."

Have you ever stopped to think about how difficult it is to find a place to live in Daly City? Why this town is so occupied it is doubtful that even a midget can locate a home. And when it comes to a two-room furnished apartment or something similar, one might think that the inquirer was talking a foreign language.

The response one gets is a look of disdain, then as if that weren't enough, one hears something to the effect that vacancies of any kind are about unknown. Seems that some smart operator could make a tidy income if he arranged a number of small, furnished apartments.

NATIONAL CHURCH MONTH

(This is the first of a series of articles on National Church Month. The articles will appear each week through November. They are written by the ministers of churches in the Daly City area.)

By The Rev. John Glaspey
Broadmoor

Community Presbyterian Church
In our churches and synagogues we who minister to our fellow Americans believe that we foster the spirit that has made our nation what it is at its best; each asking only for himself what we readily grant the other, namely, the right and opportunity to worship according to the dictates of the individual conscience.

And you through the generous use you allow us to make of your columns are also a "minister" fostering the same spirit that enriches the life of the individual and the community as does no other force.

This being "National Religious Month" may I thank The "Record" for its fine impartial report of the activities of the varied religious groups in the community, including the Church service run each week and made possible by the sponsoring merchants.

The leaf fishes from the Amazon River are among the most successful examples of protective camouflage to be found in the finny kingdom.

MONTH

Glenn Souths Given Surprise House Warming

It was quiet and peaceful last Sunday night at 731 Larchmont avenue, Broadmoor. About seventy-three the door bell rang, and Glenn South, expecting a couple of friends for a social evening, opened the door.

An instant vision of Halloween pranks must have rushed across Glenn's mind, for there stood a crowd of people on his steps. Some of them he didn't even know. He stood there in complete amazement, then stepped back a couple of steps and stared. And all because of a little old house warming party, thought up and engineered by Norma Clennell and joined enthusiastically by twelve other friends and acquaintances, some known only to Mrs. South.

After everyone had gotten in,

NOTICE TO BIDDERS

Notice is hereby given that the board of trustees of the Jefferson Union High School will receive sealed bids for provision of the following equipment:

Bids will be received until 1:00 p. m., November 15, 1949, and will be opened at that time.
One 5 H.P. No. 2 H universal milling machine of the adjustable knee and column type. Column and base shall be a one piece, box section casting of high strength cast iron, efficiently trussed with broad, solid rear wall extending from the overarms to floor and unbroken by large openings. The water chamber shall be mounted cross wise of the column to provide solid rigidity to the rear column wall, accessibility to both ends of motor, and cross current air ventilation.
Range of speeds shall be from 35 R.P.M. to 1400 R.P.M. in one continuous series with large direct reading dial to indicate the speed in u.s.

Range of feeds shall be from 1/2 to 20" per minute.

A transverse unit shall be incorporated to provide constant rapid traverse in all feed directions.

Table of machine shall be approximately 50"x10" and shall permit 28" longitudinal travel.
Machine shall be provided with 5 H.P. motor and suitable control equipment to operate machine on 220 volt, 3 phase, 60 cycle current.

Standard equipment for the machine shall be provided.

Necessary equipment shall be listed as separate bid items and priced separately.

All equipment shall be quoted, delivered to the Jefferson Union High School, Daly City, California. Trade in allowance on one Se Bland lathe shall be considered an integral part of the bid. Said lathe may be inspected by applying at the office of the district superintendent of the school.

The board of trustees reserves the right to reject any and all bids and to waive irregularities.

Notice Of Filing Of Unpaid Assessment List And Of Time Fixed For Hearing.

HILLSIDE MANOR Project No. 1

NOTICE IS HEREBY GIVEN THAT ON October 31, 1949, the City Engineer of the City of Daly City, California, filed with the undersigned City Clerk of said City a complete list of all assessments unpaid, on account of the costs and expenses incidental thereto, of the construction of improvements described in Resolution of Intention No. 1947-2 adopted by the City Council of the City of Daly City on July 28, 1947, under and pursuant to the provisions of the Municipal Improvement Act of 1913, and other resolutions, notices and proceedings of said City, duly adopted and taken under said Act, reference to said Resolution of Intention being hereby expressly made for further particulars and for a description of the improvements and district therein mentioned, which Resolution of Intention and the notice of recording said assessment contained a declaration substantially in the following form:

"Notice is hereby given that Serial bonds to represent unpaid assessments, and bear interest at the rate of not to exceed six per cent (6%) per annum, will be issued hereunder in the manner provided by the Improvement Bond Act of 1915, the last installment of which bonds shall mature nine (9) years from the second day of July next succeeding ten months from their date."

NOTICE IS HEREBY GIVEN THAT Monday, the 14th day of November, 1949, at the hour of 8:00 o'clock P.M. of said day, is the time fixed by the undersigned City Clerk of said City when persons interested may appear before the City Council at the regular meeting place of said City Council in the Council Chambers in the City Hall in the City of Daly City, California, and show cause why bonds should not be issued upon the security of the unpaid assessments shown on said list.

B. C. ROSS
City Clerk of the City of Daly City

Daly City Boys Club Drops Game To Kiwanis, 10 to 0

By Angelo Cravotto

Defeat to the Daly City Boys club is getting to be a habit. Last Sunday the Mission Kiwanis picked an easy victory by 10 to 0.

The Kiwanis played a team loose at fielding and at bat. The DCB club was dead on its feet, unable to have a winning team in good class "C" competition.

Getting away from what I think, and back to the slaughter, the DCB club used up three pitchers. Donley started, then came Canepa, and Hatchel finished.

About the only player playing baseball was right fielder Jack Sheehan.

Mission Kiwanis scored five times in the fourth inning to end all hope for victory. The DCB club deserves defeat, for truly they play for the individual and not as a team. That alone spells defeat.

This is the reason I give for the disgraceful defeat we received. We want a winner, and with team harmony we will achieve our goal.

Sunday the club tangles with American Transit.

USE SPARE TIRE

It is advisable to use your automobile's spare tire occasionally in order to prevent rapid deterioration, advises the California State Automobile Association.

BROTHERS

"Take It Easy and Live Long are brothers" says an old German proverb which the California State Automobile Association recommends to drivers who can't resist the urge to speed.

Double Springs, the original Calaveras county seat, yielded in turn to Jackson in 1850, to Mokelumne Hill in 1852, and finally, in 1866, to San Andreas.

Use of mineral pigments and natural colored materials dates back to ancient and primitive man, as found in their works of art and colored drawings preserved in caves.

Down, Down, Goes Standing Of Colma Boys Senior Club

Apparently digging for worms instead of runs today are members of the Colma Boys Club, who lost their fourth consecutive game Sunday in the Seals Stadium league.

When it was all over, the Jr. Seals had run up seven points to the Colma lads' two runs.

What has happened to these stars of the summer, who came out on top in the majority of games they played? Backer Joseph Sarto believes he has the answer.

"The boys just don't have a good pitcher. You know about 60 percent of the game is pitching."

That was certainly true last Sunday when "Babe" Ottoneo failed to show up for the game. Sickness kept him in bed. Trying to take his place were Howard Heffron and Lansom. Both of these lads do well in the field, but not so well as pitchers.

All of this isn't by way of excuse for the Colma team. They have good boys, and plenty of spirit. Perhaps they're riding one of those slumps no one ever can explain. Here's hoping they come out of it but soon.

This Sunday, at 12:30 p.m. in Seals Stadium, the Colma team will tackle the 12-Mile House.

Here should be a sure win, as the Colma team garnered its only victory from the 12-Mile House earlier in the season.

Answers To NSLI Dividends Given Daly City Vets

World War II veterans in San Mateo county have been asking numerous questions about the special National Service Life Insurance dividend that will be paid next year, according to Floyd D. Granger, veterans service officer.

The answers to some of these questions, Granger said, are as follows:

Yes, aviation cadets who were granted \$10,000 NSLI at government expense while they were in cadet status will receive a special dividend based on that coverage, since premiums were paid in their behalf.

No, former prisoners of war who were granted gratuitous insurance will not receive a dividend based on the period it was in force, because no premiums were paid.

No, total disability income provisions attached to a veteran's NSLI policy do not increase his dividend. The dividend is based on his age group and on the face value of the policy.

Yes, dividends may be used to pay future premiums, but only if the veteran endorses the dividend check to the Treasurer of the United States and sends it to his VA district office with the proper instructions. It cannot be done automatically.

Granger also pointed out that reinstatement of term NSLI by paying two months' premiums will not mean additional dividend credit, but that a lapsed policy that is reinstated retroactively by paying arrearage and interest, or converted retroactively, may mean a dividend based on the entire period involved.

JS Merchants Swamp 1093 Club By 8 to 4 Sunday

Going on for their second consecutive win, the Junipero Serra Merchants rolled over the 1093 Club last Sunday by the comfortable margin of 8 to 4.

This was the fourth game for the Merchants in the Class "AA" National League, and their second win. To date they have lost one other game and tied another.

No diamond battle, isscheduled for this Sunday, although the week after, November 13, the Merchants will meet Cooper-Varni.

Much of the credit for Sunday's win can go to Fred Lucia, who pitched good ball throughout the game. Although he allowed 12 hits, they were all scattered and failed to do the 1093 Club much good.

Only in the second inning was Lucia in any real trouble. It was then on an error that he made way for three runs.

Other boys for the Merchants who showed their batting and playing ability Sunday were Tom Bernall, who got two runs out of four hits, Krohn also passed over home plate twice, while Valetta, Newman and Fred Fazio and Lucia scored for the Merchants.

SMJC Meets John Muir Saturday

Winner of three straight conference football games, San Mateo Junior College will play a non-conference foe this Saturday evening when John Muir College of Pasadena comes north.

The game will be played on the Burlingame High School field, starting at eight o'clock. Muir recently defeated Compton College, the national jaycee champion of the 1948 season.

San Mateo's recent league game was with City College of San Francisco, and the Mateans came through with a 13-0 victory. The game was the first night home game for San Mateo. The victory gave the Mateans possession of the TOM-Tom, the game award that goes to the victorious school.

SPORTS

Henry Morgan Stars Again; And Not On Radio Waves

Shades of another Don Mossi. That's what the local boys are saying today about a young pitcher now throwing the pill for Sarto's Class "A" American League team. He is 17-year-old Henry Morgan, Daly City successor to Mossi.

While he can't be given all of the credit for winning four straight games for the Sarto team, nevertheless he's had a lot to do with putting his fellows on top of the league.

For example, last Sunday Sarto's team managed to drag the Mello Records down to their first defeat by the nice score of 8 to 3. Morgan held the hits down to a minimum, and for a time it appeared most of the fielders might well have stayed home.

There's much that could be said about this young Daly City "threat," but why not see for yourself. Morgan will be on the mound again this Sunday at 2 o'clock when his team faces the Potrero Hill team at their home base, Potrero Hill.

SMITH RIVER

Salmon fishing is reported as excellent on Smith River in the vicinity of the river mouth.

Jeff High Indians

From Milton Tromborg's TEEPEE

Jeff Injuns Heap Brave; But San Jose Gets Scalp

By Milton Tromborg

Hoping for better luck than last week, when they lost to San Jose 14 to 7, the Jeff High Indians will meet San Mateo on the latter's field at 3 p.m. Friday, November 4.

Although they were slated to push the Indians all over the field last Friday, the San Jose team was lucky to score 14 points.

San Jose has gone undefeated so far this year, and came up to Daly City to meet a poor team. Instead, they met a team that was out to win. The Indians played rough and tough and showed their power on the ground and in the air.

San Jose was said to have the best passer in the P.A.L. in fifteen years. Quarterback Jim Leal has showed great promise as a passer in the other games, but when he met the Jefferson line, he was pushed all over the field and thrown for a loss many times.

The Indians played very good offensive and defensive football. The weakness they had was the way the line grabbed instead of tackled the runners.

Jefferson went to the air many times in the game and made a few yards in doing so. Vince Baggetta, the Jefferson quarterback, threw passes to Leroy Gonzales, Jack Wilson, and Art Lauffenburger.

Outstanding for the Indians was left halfback Don Lunghi. Don was the main source of running power and did very well by gaining 72 yards in the whole game.

Tackles Frank Druhan and John Sweet played a very good game on both offense and defense. Guards Jess Martinez and Don Hamann played well as did center Leo Bricker.

On defense, Lou Piccolotti, George Ritter, Max Kliem, Don Lunghi, and Roy Childress all played a very good game.

The Jefferson team put up a good fight and proved that they have a good ball club, even though they have not won a league game this year. Losing to a team by 7 points, is not a bad defeat. San Jose is said to have the best ball club in the P.A.L. They dumped other teams by higher scores, so Jefferson should be pretty proud of themselves to hold San Jose to one touchdown.

Jefferson will play one more home game with Burlingame, which will be on November 11, with kickoff set at 11 a.m. Jefferson still has to meet San Mateo (whom they play today at San Mateo), Burlingame, whom they meet November 11, Palo Alto at

SUNDAY GAMES --

10 a. m.—Daly City Red Sox vs. Lucia All Stars, Marchbanks field. St. James vs. Bayview A. C., Jefferson High field.

Noon—Daly City Boys Club vs. American Tansul, Jackson. Lew's Flying A vs. Bagdad Bowl, Marchbanks field. Daly City White Sox vs. (team unnamed at press time) Jefferson field.

2 p. m.—Daly City Billiard Parlor vs. California NSGW, Marchbanks field. Sarto's vs. Dodgers, Potrero Hill.

Upsets Feature Of Touch League Games Saturday

Upsets galore started the second half of the Daly City Recreation Department touch football league last Saturday.

Woodrow Wilson started the day by defeating Jefferson 6 to 0 in the "B" division. Crocker scored another upset by downing the favored Our Lady of Perpetual Help School "B" team 13 to 12 in another game.

In the "A" league, the Woodrow team broke into the win column by defeating Jefferson 14 to 12. The other "A" game went as expected, and OLPH defeated Crocker 17 to 12.

At the present time, in the "A" league, OLPH is on top with four wins and no losses, while Crocker is second with two wins and an equal number of losses.

In the "B" league OLPH is still on top with three wins and one loss, with Crocker close behind with two wins.

This Saturday the following teams will play:

Jefferson vs. OLPH, Marchbanks field No. 1, B team, 10 a.m., A team, 11 a.m.; Crocker vs. Woodrow Wilson, field No. 2, B team, 10 a.m., A team, 11 a.m.

Now here is a brief summary of last Saturday's games:

Richard Guisti played good ball for the Jefferson "B" team, but was unable to compete with Frank Mecci, who ran almost the length of the field to score Woodrow Wilson's only run of the game.

Costello and Miller scored touchdowns for Crocker's "B" team in the game against OLPH, and overcame an early advantage of the OLPH players Waligora and Gonzales, who scored for their team.

Walter Hunsman was the star for the Woodrow Wilson "A" team in their win over Jefferson. However, Richard MacDonald must be given credit for the Jeff team, as he scored both runs for that team.

In the OLPH, Crocker "A" game, Billy Butler scored for Crocker, but was unable to compete with Robinson and Rosa, who scored for OLPH.

Two Cars Damaged In Thursday Wreck

Two cars were slightly damaged in a collision at Mission and Crocker streets at 4:55 p.m. last Thursday.

Neither Lyle F. McAfee, 27, 407-A College avenue, San Francisco, or Frank F. Vetter, 35, 1270 Geneva avenue, drivers of the two cars, were injured.

Police report McAfee was making a left turn into Crocker when he collided with a car driven by Vetter. Vetter was cited for failing to have an operator's license.

Although both car owners drove their vehicles away from the scene of the accident, McAfee's car will need repairs to its right side while the Vetter vehicle will require some repair to its grille.

Hit And Run Driver Injures Man In Daly City

Looking for an alleged hit and run driver who struck Herman Wachter, 75, 119 Girard street, San Francisco, Thursday in front of Crocker Cleaners are Daly City police.

The force of the blow injured Wachter's arm, police said. However, the elderly man refused hospital aid.

According to police, an Oregon car was coming north on Mission near the parking strip. Wachter was in front of the cleaners, just off the strip, when the car struck his left arm. The automobile failed to stop and continued north on Mission, police said.

Palo Alto on November 18, and then Jefferson will travel to South San Francisco on November 25 for the big game of the year.

KING'S MARKET

(Continued from Page 1)

will measure approximately 170 feet on Junipero Serra boulevard and 140 feet on Garden Gateway.

Just about all of the space will be on one floor. However, there will be a mezzanine for offices, and other private rooms.

Costs of the giant market have not been determined exactly as yet, but it was revealed that the figures will be higher than those of the original, which was valued at more than a half million dollars.

Regarding the old market, it was destroyed by one of the worst fires ever seen in this area. Despite the herculean efforts of all the fire apparatus hereabouts, it raged until only smoldering embers were left.

Cause of the conflagration was laid to a disgruntled employee. In any case, on the night of May 25 last, flames suddenly leaped into the sky, and quickly spread to end in complete destruction of the market.

In connection with the new building, a delegation of civic leaders from Garden Village were on hand seeking a guarantee that the new structure will not cut off traffic on Garden Gateway. This is the road from Sullivan avenue to Junipero Serra, located almost in the center of the present market's parking lot.

Mayor Paul Green assured the delegation that the street will not be blocked.

MUSTANGS

(Continued from page 1)

yards for a T D running away from every backfield man on the field.

The end situation, grave at first because of the loss of the right ends Meyers and Silva, has been enlightened by the terrific improvement of the reserves. Walt Silva reported back for practice after two weeks of treatment due to a torn knee ligament. Dick Meyers is out for the season with a cracked ankle bone. His loss will mean a lot to Mustang spirits as his play on the field was inspiring to other players.

Leading the Mustang offense will be Duke Marlowe, QB, who has been responsible for 10 touchdowns, passing to four of them and hitting paydirt six times personally. Pushing Marlowe for a high scoring spot is Chuck Adams who has scored six times himself to make one of the best offensive and defensive ends in the League. Marlowe is sitting on top of the world with the best backfield aces in the league. Led by the elusive Bob Griffin, Jim Sperou, Flash Ross, Joe Tudoni, Bob Midendorf and Bob Grimes. All of these boys can get out and run like deer if called upon to do so.

Not to be forgotten is Bob Plyer who, in his first year at Q.E., has proved himself capable of being called upon to take over command and produce touchdowns. In the last two games Plyer was put into the game in the middle of the first quarter and on one play in each game he completed passes that were carried into the end zone.

Not to be forgotten is Coach Harlan Ferrando, one of the organizers of the Mustang team, now in his second year as head coach. Ferrando received his training at the Jefferson High School where he put in four years of service on the squad. Upon graduation he enrolled at SFJC where he played two years before entering the armed services.

Co-coach of the Mustang team is Mert Dilly who has added much enthusiasm to the team with his over abundant knowledge of the T formation techniques. Dilly received his schooling at Poly High where he played two years varsity before entering SFJC where he was a standout on their "Wonder Team."

"JOHN LOVES MARY" NOV. 4 AT JEFF HIGH

Speech Class Students Produce Famous Krasna Broadway Comedy Hit At High School This Friday

One of the most successful comedy-hits of New York, "John Loves Mary," will be presented Friday night, November 4, at 8 p.m. in the Jefferson High school auditorium.

Under the direction of Miss Eunice Seaton, the play will star student at Jefferson High.

Steve Ward, as the subject of the play title's declaration sentence, will be in the lead roll. Also playing a big part in the play will be Lynday Rivera as "Mary."

Others in the cast will include Bob Mink, David Belli, Peggy Jones, Russell Murphy, Diane Gorkosky, Allan Davis and Gene Dancluz.

Tickets for the production may be purchased at the high school, or from the ticket sale chairman, Jack Smith. Ted Graham and

Steve Ward are responsible for much of the good advertising for the play.

"A comedy of considerable hilarity," is the way Howard Barnes, dramatic critic of the New York Herald Tribune described the play when it opened on Broadway. He detailed its plot as being concerned with an ex-G.I. who "comes back

Glow Club Meets At Home Of San Francisco Woman For Bridge Lunch

Entertained recently at the home of Mrs. Thomas E. Connolly Sr., 722 Judah street, San Francisco, were members of the Glow Club.

A bridge luncheon was held at Mrs. Connolly's home. Mrs. T. E. Connolly Jr. acted as hostess for the luncheon.

Guests included Mesdames Enid Smith, George Lake, John Redlinger, George Young, Ralph Whiting, Harry M. O'Strander.

from three years of fighting as enamored as ever of a deceptively naive Senator's daughter. The catch is that he has married an English girl in order to get her into this country, where he means to divorce her so she can be the bride of the buddy who saved his life on the battlefield. When that buddy turns out to have meanwhile married someone else, the stage is set for humorous explosions.

No matter how much John loves Mary, he has difficulty explaining to her why they can't be married immediately. The more excuses he invents, the deeper water he gets into.

Written by Norman Krasna, the author who proved with "Dear Ruth" that he knows how to keep audiences roaring for two solid hours, "John Loves Mary" is, like that previous Krasna presentation, a clean and wholesome play that religious publications as well as the daily press praised highly. Krasna is also well known as a screen writer who wrote such film hits as "Wife Versus Secretary," "The Devil and Miss Jones," "Princess O'Rourke" and many others.

St. Joseph Church Bazaar Nov. 4 to 6

Three days of fun and merriment will be for those who attend the Saint Joseph Catholic Church, 582 Hope street, bazaar this Friday through Sunday.

The bazaar will be held at the church, and will be open "for business" from 7 p.m. until midnight each day.

Among the various types of booths there will be sales of embroidered goods, panda bears, bronze horses, groceries, dolls and a fish pond for the children.

In addition to the booths, several valuable gifts will be given away. These consist of a television set, and a radio-phonograph combination.

Everyone is invited to attend the bazaar, which has come to be one of the biggest annual events of the church.

DC Post Office Problem Shifts To Washington

Daly City may have a new federal post office within the next several years.

This was the possibility today after Mayor Paul Green sent a letter Monday to the congressional committee on public buildings in Washington D. C. The letter inquired as to money available for sites and planning of a federal structure.

When, and if, an affirmative answer is received, Mayor Green will ask the government to proceed with the survey for a possible building site.

Meanwhile, no word has been received on another more imminent post office problem. Several weeks ago the San Francisco post office department started a survey to determine where to relocate the present Daly City office.

The conclusion they reach may end in construction of a new building, or moving into a structure somewhere else in this community.

Another phase of the survey is to determine whether or not it would be feasible to open a Daly City post office independent of the San Francisco branch. Present inadequate facilities prompted the survey.

NOT SISSY

GOOD TO THE LAST QUART—Seven-year-old Spar Hill Clematis, the world's highest milk supplier, gets a workout from milker Bud Chapman. The Scobeyville, N. Y., Golden Guernsey completed her one-year test and during that time gave 23,086 pounds of milk and 1201 pounds of butter fat. This would supply 33 persons with a quart of milk per day for one year. Samuel Reinhold, left, who owns the farm, and Andrew Sheppard are in the background.

DALY CITY—COLMA

How the devaluation of pound sterling has, and will effect the average consumer was discussed at the regular meeting of the Lions Club Wednesday by R. J. Dunn.

Dunn, as a economist and foreign trade expert for the Bank of America, was in an excellent position to speak on "Devaluation and the Man in the Street."

He definitely came out against any possible devaluation of the dollar. Labeling this suicide for the average consumer, he noted further devaluation would not help the present critical problem of the dollar shortage abroad.

America, he asserted, is now a credit nation. As such it must import as well as export. However, until very recently this country has sold more abroad than it has purchased.

"Consequently we have a situation where one country owes us money. But how is that country going to pay us back if we won't trade with it, and thereby give it the necessary dollars," Dunn said.

This was his argument against raising higher tariffs to counteract devaluation abroad. At the present time, the English automobile is selling from 10 to 30 per cent less in America than it did before the pound took a nose dive.

It is the contention of some American automobile manufacturers that tariffs should be put up to raise the price of the English cars. No, says Dunn, who explains that England's, and for that matter our problem, at the present time is to send dollars abroad. By raising tariffs we merely defeat our own purpose.

This example of the cars carries through for most foreign products, Dunn said.

The exhibition will remain at the Museum for one month.

the state.

It was also pointed out by Reilly that the new program will result in nearly a 50 per cent increase in the amount of license fee payments to be distributed to cities and counties during the current fiscal year as compared with last year's distributions. The April, 1950, allocation will include earnings during the six months from September 1, 1949, through February 28, 1950.

One-fifth of the fees will be paid to 57 counties of the state and the remaining four-fifths to the 304 cities, including the City and County of San Francisco. The City of Los Angeles will receive 18.53 per cent of the total funds soon to be distributed, the City and County of San Francisco will receive 15.83 per cent, and the City of Oakland 5.17 per cent. Los Angeles County and its cities, including the City of Los Angeles, will receive 31.69 per cent of the funds available for distribution; Alameda County and its municipalities 7.30 per cent; and San Diego County and its cities 4.04 per cent.

Hanna Center For Boys Opens Sonoma, Nov. 15

The Archbishop Hanna Center for Boys, a cause to which many citizens of this community gave generously two years ago, will become a reality November 15 when the first 25 boys enter the new \$1,250,000 shelter nearing completion in the Sonoma valley.

While primarily a Catholic project, people of all faiths in this area gave to the Center's building fund appeal, resulting in the construction of one of the finest institutions for boys in the nation. The shelter will embrace a completely self-contained program for the care of homeless and neglected youngsters.

The first 25 boys to enter the new home represent the "student body" of a small Hanna Center which has been in operation for several years at Menlo Park, California. New boys will be admitted as quickly as possible at the Sonoma valley center.

Archbishop John J. Mitty expressed appreciation to the 150,000 donors who made the building of the new center possible and urged them to continue their interest "in one of the most enlightened programs ever launched in this diocese."

Early this week the citizens of Menlo Park gave a farewell party for Father Thomas Regan and the boys of the Menlo center. Nearly two hundred residents came to the party to express their regret at the loss of the center which has become so well known in the community. Among themselves the group raised money to buy the boys a \$700 television set, a new sound movie projector, and three hundred new phonograph records to use in their new home. The gifts were concrete evidence of the place the boys had won in the hearts of the people of Menlo Park.

DUCKS ON LAKE PILLSBURY

Duck hunters enjoyed exceptional shooting at Lake Pillsbury, Lake county, during early days of the season. Limits were the rule with teal and widgeon predominating hunters' bags.

PTA Supports Xmas Seal Drive

Full support for the Christmas Seal campaign, which opens November 17, was pledged today by all of San Mateo county's Parent-Teacher units.

At the present time Mrs. J. M. Foley, president of the county's 17th district CCPT, and Miss Pansy J. Abbott are working out PTA participation in the campaign.

"We, as parents and teachers, are deeply interested in both of the association's programs for X-ray units and heart disease," Mrs. Foley said.

Mrs. Foley added that the PTA will do its part toward making the campaign this year the most successful ever staged.

TOO MUCH PRESSURE

It's easy — and extremely dangerous — to rest the weight of your foot on the throttle when you drive. Your speed creeps up before you realize how fast you are traveling. "Take It Easy," by easing up on the throttle.

DUCK SEASON HERE

With generally good results during opening, duck hunters throughout California are looking to a better shoot this year than last, states National Automobile Club.

APPROACH INTERSECTIONS WITH CAUTION

Approach all intersections with caution, advises the National Automobile Club.

cold weather and rains, the 1949 season should prove an outstanding one.

\$10,477 D. C. Share In State Liquor License Fees

Liquor license fee earnings will bring \$10,477 additional revenue to Daly City soon, George R. Reilly, chairman of the state board of equalization, said today.

This money represents a portion of the fees collected for liquor licenses by the state for the eight months of 1949.

The city of Colma will also realize a smaller benefit. Reilly said Colma would receive \$592 as its

share in the fee income.

Of the total earnings, \$7,037,951 collected by the state, \$50,723 will go to the unincorporated areas of San Mateo county, while a total of \$152,094 will go to incorporated areas.

In making this announcement, Reilly mentioned that the present allocation covers, for the first time in the Board's history, fees earned over an eight-month period. This has been made possible by streamlining the accounting procedures of the Alcoholic Beverage Control Division, an accomplishment which has enabled the Board to include an additional \$1,198,826 of license fee revenues in its current allocation to the cities and counties of

"For SOUND PENSION AID vote YES on 2"

PROPOSITION 2 will maintain the \$10 cost-of-living increase the voters granted the needy aged and blind last year. By repealing the "fine-print" provisions of the notorious McLain Scheme, it will reduce the staggering cost of pension administration!

WHO PAYS FOR THE SUPER-COSTLY McLAIN SCHEME? YOU PAY!

Already, the sales tax—the tax that bears heaviest on the working man—has increased 20 per cent! Yet there still isn't enough money in the State Treasury to pay for school needs and other State services!

To continue to finance the McLain Scheme, new sources of tax revenue would have to be tapped! One likely source is a new property tax on every homeowner in the State!

There is no need for this back-breaking tax waste! California can afford an adequate program for schools and other services and a generous pension program, too—if soundly administered!

FOR PROTECTION FROM PENSION POLITICIANS

Vote "YES" on 2

(SPECIAL ELECTION, TUESDAY, NOVEMBER 8)

Northern California Committee for Sound Pension Aid
DE YOUNG BUILDING, SAN FRANCISCO

Dr. Jacobus tenBroek, Vice-President, Calif. Council for the Blind

Western Artists Show At Museum

The tenth annual exhibition of art by the Society of Western Artists is now on display at the M. H. DeYoung Memorial Museum in Golden Gate Park.

The exhibition comprises 58 paintings as well as several pieces of sculpture. It stresses academic training.

The Society of Western Artists is one of the largest groups of contemporary artists with many distinguished names included in its membership of more than 300. It was organized more than ten years ago to further interests of the conservative artists.

The exhibition will remain at the Museum for one month.

Del Monte ROUND UP

NEWS FROM THE SCHOOLS

CROCKER

Another grand football rally was held by Crocker student body on Friday. Cheer leaders Heather Bridges, Elaine Martinez, Carrol Bate, and Jerry Gioni led the yells.

Copies of the cheers were printed by Coach Tergis at the suggestion of the principal and distributed to the students. Coach Tergis also suggested to the cheer leaders some of their "antics," although left to themselves a very unique job was well in progress.

One H8 grade student, Marjorie Constantine, wrote an original song for the Crocker Coyotes, to be sung to the tune of "Oh Susannah." Other original songs written

in the past by graduates will also become a part of the repertoire of the Crocker rooting section.

Captains Verece and Kalinin, A and B team captains, respectively, certainly are making every effort to bring their teams to second place in the league, and they are not without the interest, enthusiasm, and support of every member of the team, student body, and teachers.

At a recent assembly, student President Chan urged even more student body members to come and support their teams. Without any indoor facilities in which the student body can assemble and with limited outdoor facilities, Crocker through student and teacher ingenuity does a very adequate job of holding interesting and completely student conducted assemblies and rallies.

RADIO BROADCAST

The two regular session classes of the Crocker School, the 5th and 6th grades who are fortunate to be on regular session are enjoying as a portion of their school activities the Standard School Broadcast every Friday morning.

Based upon the background of America, this program gives in words and music, events and stories of America's background. Dramatically and interestingly portrayed facts, integrated with American history, literature and

music hold the attention of the children during the half-hour broadcast.

The fifth grade of Room 2, who recently won the radio presented by Mrs. Erwin Schmidt, president, who represents Crocker P.T.A., were most enthusiastic as they had their own table model radio which anyone of these little folks can carry. Listening to a program with a group is training in social attitudes of respect, courtesy, and consideration, as well as vitalizing historical facts as set down in the curriculum.

BICYCLE POSTERS

An enthusiastic group of young Crocker artists has produced a set of "Bicycle Safety Posters" to be used in the "Bicycle 1st Award Assembly," which was postponed to Wednesday, October 26, at 11 o'clock. Adorning the front of the building were several posters made by students in the 7th and 8th grades. The 7th grade took charge of the program preceding the tense moment when the bicycle was picked to be judged. Robert Moore, safety education and curriculum assistant of San Mateo county selected at random and judged the bicycle.

Gail Alexander's bicycle was selected and received the first award. Congratulations, Gail, 17 grade student, Room 3!

The program was most apropos, having as its theme bicycle safety. It was entirely prepared by the students with the aid of their teacher, Mrs. Anderson, as a portion of the class activity in health integrated with oral language and art. The program consisted of an impersonation by Sherwood Rupp broadcasting a motor bike race; a skit written and read by Patricia Hineine, and pantomimed by Jems Courts, Doris O'Neil, James Selsor, and Dennis Hansen. The prop men for the skit were James Selsor and Dennis Hansen. Richard Watson gave a fine talk on "Good Conduct for Bicycle Riders." Don Kendrick was master of ceremonies. Posters were made by 7th grade students Donna O'Dell, Leon

TRIBUTE TO U. S. HEROES—Lt. Gen. Clarence R. Huebner of the European Command attends the inauguration of the Bulange Belgium, Memorial and the Henri Chapelle Memorial for the dead of the First American Army in World War II in the Belgian Ardennes. Belgian children paid honor to the Americans who lost their lives in that sector.

Beristianos, Charles Erickson, Charles Cameron, Don Curry, and Don Kendrick. Other 8th grade contributors of posters were Martin Verece, Ray Richardson, Patsy Coffee, Heather Bridges, Carrol Bate, Bob Yonan, Elaine Martinez, Beverly Broadbent, Alice Quickert, Ray Magnuson, Margaret Robertson, Jackie Mullen.

Other students who received first awards in the Bicycle Safety Check were Robert Yonan, Dick Hopman, Bob Church, Kenneth McDonald, Beverly Penik, Ted Surber, Dick Kalinin, Billy Gensel, Ray Richardson.

ROOM 6
The current events group of Room 6, learned that everything in the world is made up of atoms which are smaller than anything one can imagine. It would take 100,000 of them to be seen under the strongest microscope.

Each atom is like a tiny solar system having a core, or nucleus, like the sun. Around this, whirl electrons which are negative particles of electricity. The negative charge in the electrons just balances the positive charge in the nucleus.

Scientists have found a way of "splitting" the atoms of uranium with free neutrons breaking up the balance of the atom. New doors in science are being opened. New hope for millions in the field of medicine are being opened. New hope for millions in the field of medicine alone lie in our power of taming the atom. Shall we use it so that men might move on to richer lives, or shall we use it to destroy?

HANDBALL
Besides the seasonal football, handball broke into the official limelight at Crocker this week. Counting girls and boys, A and B, almost half the school is engaged in the handball singles competition. The A and B classification for the boys will be those over and under the 100 exponents, the same system which was used for the football classification. The Crocker champions in the various divisions will play the Woodrow champions.

ROOM 5
Room 5 has had some very interesting things brought from home in connection with their social studies unit on China and the Far East. The children were enraptured by a hand-carved chest made of camphor wood. The chest had a novel lock on it made of brass. Another fascinating object was a Japanese money belt with prayers embroidered on it.

The entire class saw the movie "Western China." Observing it, the children saw how Chinese craftsmen worked, how people there lived, and the influence of modern practice.

The students of the Low 5 grade welcomed a new girl to their class on October 24, Louise Ward from Redwood City.

COYOTES
The Crocker Coyotes are still in line for the championship of the Jefferson School District league, as the first half of the gridiron scrimmage came to a close.

Spurred on by the enthusiastic rally last Friday the Crocker student body was behind the team in spirit and enthusiasm.

Captain Verece and his team did not let them down. Cheer leaders Heather Bridges, Carrol Bate, Jerry Gioni, and Elaine Martinez made a colorful and graceful quartet in their green and white attire as the led the Crocker rooting section. Honors for the game go to Jack Plunkett, center, who made the touchdown in the first quarter. Jefferson's touchdown was held back by four downs by Plunkett. Their conversion failed as the pass was intercepted by Verece. Score: Crocker 7, Jefferson 6.

Due to one error and intercepted passes the B team lost to Jefferson 13 to 0.

JEFFERSON SCHOOL
An interesting mural depicting seashore life as represented in their science books, was recently completed by 7th and 8th grade pupils in Room 2.

It was started by Irene Wilson, Nancy Park, Beverly Crudo, Faye Orovitz, Aileen De Bernardi, and Phyllis McGinnis as a report on their hobby of collecting sea-shells. Later, wishing to enlarge on their hobby, the girls pooled their artistic talents and colored a mural of fish life, with their sea-shells on a shelf below the mural.

TIME CHART
A time chart that has enabled the class to relate their present historical age with that of the ancient age in terms of years was recently completed by Allen Anthony, Lee Poston, Harry Youtsey, and Al Lagomarsino. Drawn with suitable pictorial impressions, the chart has received favorable comment from their classmates.

STUDENT RETURNS
Roger Pessagno, recently returned to school from an extensive tour of Europe, gave a wonderful report of his travels to his classmates this week. Recounting his adventures, showing travel folders and souvenirs, Roger described his visits to Naples, Genoa, Milan, and Venice. Of particular interest was his description of the birthplace and home of Christopher Columbus in Genoa, Italy.

PICTURE MAP
The boys and girls in the 7th grade, Room 3, have been busy at work on a large picture map of China. There are several groups, each taking their turn doing their share of the work.

The chairmen of the various groups are: Chester Lewis, transportation; Shirley Sharp, clothing;

Kevin Kolz, farming; Jerrold Bocci, geography; Drena Guaraldi, products; Gloria DeMattei, the Great Wall; Linda Caravano, housing; Herbert Frost, wild life.

The above-named chairmen are responsible for their various groups, with the teacher acting as a guide in helping them with individual questions and details. The picture map is approximately 4' x 10', and is large enough for each group to picture their respective items clearly in large drawings. This is an added attraction to aid in the study of China, and to help make their social studies more attractive.

MEXICO

The members of the sixth grade have been very busy studying the land of Mexico. In their study of Mexico, interesting and scientific knowledge about rainfall and winds has been correlated with other subjects.

MUSIC PROGRAM

A Halloween musical program was presented last Friday. Chairman of the affair was Sandra Stanghellini. Pupils participating in the organization of the program were Ronald Casentini, Lowell Klaisner, Diana Donati, Laverne Ninnini, Cheryl Taylor, Loretta Lagomarsino, Corrine Young, Diane Giacchini, Edward Dennis, George Ann Cole, Marge Gorospe, James Shoots, Helen Markel, and Sandra Stanghellini.

SCIENCE LESSON

The 5th grade enjoys science. Last Wednesday, the pupils presented a lesson in science. Nancy Golobic and Joyce Loken brought a collection of rocks from different parts of the world. Carol Bloom, in her presentation, described and showed her specimens of petrified rocks which he had obtained in Mexico. George Rocchi completed the presentation with his collection of interesting chips of various rocks obtained in Muir Woods.

ANNOUNCER

Ronald Wold, participating in the state-wide dental convention recently held in San Francisco, gave an interesting talk concerning his part in the convention. Ronald officiated as the announcer of entertainment at the Whitcomb Hotel.

Ronald discussed teeth, and many helpful hints concerning the care and prevention of tooth decay.

PROPER ARM SIGNALS

By knowing and giving proper arm signals, motorists can help keep themselves out of accidents. A simple matter of courtesy, arm signals do much to insure safe driving.

Twin Peaks Tunnel in San Francisco was dedicated July 14, 1917.

In the United States 5,400,000 tons of topsoil is lost annually.

State Nat. Guard Recruiting Leads Nation In 1949

For the fifth week of the 1949 National Guard fall recruiting campaign, the California National Guard leads the nation in new members.

Since the fall recruiting campaign has started, the California Guardsmen have recruited 3202 men, Major General C. D. O'Sullivan, the adjutant general, said.

The 40th "Sunshine" Division from Southern California leads the state recruiters with 2,473 new members enrolled.

During the fifth week, the Sunshine Division accounted for 300 of the 612 new members, General O'Sullivan said. The Forty Niners from northern California enrolled 300 men.

Total membership of the California National Guard is now 23,315, the highest peacetime strength ever attained by the state's military forces.

W. W. Downes Pleads Innocent; To Stand Trial On Drunkenness

Wayne W. Downes, 45, 345 Colon avenue, San Francisco, in police court Friday pleaded innocent to being drunk in and around an automobile.

Police Judge W. J. Sweeney set Downes' trial for December 6 at 10 a.m. Meanwhile, the San Francisco man is out on \$50 bail.

Downes was one of the parties involved in an automobile collision at Junipero Serra and Highway No. 1, October 16. His car, and one driven by George Davis, 46, 2817 San Jose avenue, San Francisco, collided at the intersection.

Three San Francisco Men Forfeit Total \$29 Bail On Drunkenness

Forfeiting bail on charges of drunkenness, three San Francisco men "donated" a total of \$29 to the city Friday.

Otto Schmoke, 3083 San Jose avenue, forfeited \$10 as did Walter Nehmzow, New San Francisco Auto Court, Frank Schultz, 1156 Potrero avenue, forfeited \$9.

GOOD DRIVERS

Good drivers keep their cars in good mechanical condition, states the National Automobile Club. To avoid serious mishaps they pay particular attention to the condition of tires, brakes and the steering wheel mechanism.

A SAFE RULE

A simple rule for safe driving in metropolitan centers or in heavy traffic is recommended by the California State Automobile Association as follows: Always keep your speed so controlled that you can stop your car before hitting any other vehicle or any pedestrian that may get in your way.

LOST — Blonde male Cocker Spaniel, bob-tail, answers to Sandy — 35 Hillcrest — JU 7-3436.

WAITRESSES for dining rm. and coffee shop, also car haps. Must be exp. JU 4-3000.

Leaflet Explains SF Traffic Laws

A new leaflet containing helpful tips on driving in San Francisco, "to make your stay more pleasant," has just been published by the Chamber of Commerce for distribution to visitors.

San Francisco's traffic rules are "part and parcel of the city's tumbling inclines and laden lanes," the leaflet points out and are "peculiarly San Franciscan."

Three outstanding regulations which visitors from other sections of the State often find confusing — hill parking, no stopping or parking during certain rush hours, and one-way travel on some of the city's narrow streets — are among those cited in the leaflet, which may be procured from the Chamber of Commerce at 333 Pine street, San Francisco 4.

DUCK HUNTING IN MARSH AREAS

Limits have been taken by duck hunters on all clubs in Suisun marshes, Grizzly Island, Van Sickle Island and practically every section with enough water to attract a duck, according to National Automobile Club. Large number of sprig, widgeon and teal are apparent, with a sprinkling of bluebills and mallards.

FOR SALE — 3 sacks A-1 cow manure, \$1; 2 sacks loam, \$1. Will be delivered. JUNIPER 5-2418.

Vet Govt. Debts Deducted From NSLI Dividend

Vets who owe the government money may find their National Service Life Insurance dividend deducted to cover their debts.

The Veterans Administration estimated this week that somewhere between \$20,000,000 and \$30,000,000 of such debts may be collected from the NSLI dividends.

The majority of debts resulted from overpayments on subsistence allowances, or other veterans' benefits, or defaults on loans.

All of the individuals concerned are aware of their indebtedness to the government and know that it is deductible from other VA payments to which they may be entitled the Agency said.

Some 600,000 veterans are currently indebted to VA for a total of about \$70,000,000. The bulk of this amount constitutes overpayments on subsistence allowances for veterans taking educational courses or training under the GI Bill.

Other types of indebtedness are overpayments on pension, compensation or readjustment allowances, and losses made good to lenders on defaulted GI loans.

A considerable number of veterans are now repaying indebtedness by having deductions from their monthly checks. When the overpayment is wiped out, as it may be by the dividend deductions, there will be no further monthly withholding.

department clinic at 101 Grove street. Hours are daily from 8:30 a. m. to 4 p. m.; Saturdays 8:30 a. m. to 11 a. m. For confidential information call UNDERHILL 3-2264.

"All your dealings with the doctor at the clinic are strictly confidential," Dr. Geiger said. "Or, if you prefer, go to your own medical doctor. Only be sure that only a doctor knows what to do for you."

Dr. Geiger said that, if you have syphilis and do not let a doctor give you proper treatment, you are "just asking for trouble. It causes blindness, insanity and heart trouble."

S. F. Cable Car Contest Open

One San Franciscan and one Peninsulan, known for their colorful use of the American language and their interest in cable cars, were chosen as judges yesterday for San Francisco's first worldwide "Cable Car Simile" contest.

The contest is sponsored by the Citizens' Committee to Save the Cable Cars, which recommends a "Yes" vote on Proposition M at the polls here November 8.

Mrs. Hans Klusmann, chairman of the Citizens' Committee, announced that the first judges will be: Mrs. Naomi McCabe of San Carlos, famed author of "Cable Car Joey"; Paul Speegle, well-known radio station program director.

Three additional judges will be named to the panel before next Saturday (November 5) closing date of the "Cable Car Simile" contest.

The Citizens' Committee is offering prizes ranging from 150 free rides on the California Street Cable Railroad (or \$15 in cash) to several \$5 books of souvenir free rides on the Muni Railway's Powell Street cable line for the 25 most apt and humorous "Cable Car Smiles."

In as many words as they may desire, contestants should complete the sentence: "San Francisco, without its cable cars, would be—"

Entries, as many as you wish, should be mailed to Cable Car Smiles, Room 815, 465 California Street, before midnight, November 5. There is no charge for participation in this contest.

7500 Attend Policemen's Ball

Approximately 7,500 people, a record number, attended the 21st annual ball of the widows' and orphans' fund of the Peninsula Peace Officers' association Saturday night.

A good many of the persons who enjoyed themselves at the Fiesta building in San Mateo were residents of Daly City.

"I wish to thank all those persons who attended the ball, and by so doing helped our department and other police departments on the peninsula," Police Chief W. W. Sunderland said.

Every city from Daly City in the north to Sunnyvale in the south was represented at the ball.

Famed Miniature Artist To Lecture At SMJC Nov. 8

Paintings valued at \$45,000 will be on exhibit during the lecture with color slides to be given by Dr. Josef Hilpert, famed miniature artist, in his first appearance before a Peninsula audience at 8:15 p.m. Tuesday, November 8, in the San Mateo Junior College auditorium, Baldwin and San Mateo drive.

The world's smallest portrait, many miniatures picturing the magnificent colors of the Northern Lights and 9x11 inch oil paintings on specially treated black steel will be displayed.

Enlargements of the miniatures will be projected on a screen to show the incredibly fine technique and wealth of detail achieved by the artist.

Dr. Hilpert will also demonstrate his hip pocket portable studio. It is an ordinary silver liquor flask. It opens lengthwise into an easel. Inside is a small plate which serves as palette for his oil pigments, tiny brush cases and seven tubes of paint. Easel and palette are equipped with holes and may be screwed to a tripod when needed.

HARVESTING TOBACCO—Tobacco is one of the most important farm crops in southwestern Wisconsin and this year a bumper crop is being harvested. Spearheading the leaves into bundles at harvest time are: Ed Paulson, left, and Philip Quamme, both of Mt. Sterling, Wis. The leaves will be quilted, piled, hauled to sheds, cured, baled and stored before going into cigars.

HOW TO FIX IT — By Harold Arnett

TIE RACK FOR SUITCASE

HERE'S A SIMPLE RACK MADE OF CARDBOARD, WHICH WILL ANSWER THE PROBLEM OF WRINKLED TIES IN SUITCASES. THE NUMBER OF SLOTS YOU CUT IN THE STIFF CARDBOARD WILL, OF COURSE, DEPEND ON THE NUMBER OF TIES YOU WISH TO CARRY. YOU CAN MAKE THE RACK OUT OF PLASTIC OR PLYWOOD IF YOU WANT SOMETHING MORE PERMANENT.

SIMPLE STEAMER

IF YOU WANT TO STEAM THE WALLPAPER OFF A WALL WITHOUT RENTING A STEAMER TO DO SO, JUST USE A HOUSEHOLD IRON. DAMPEN A CLOTH AND FOLD IT INTO A PAD, THEN HOLD THE IRON AGAINST THE PAD TO STEAM THE PAPER LOOSE, KEEP DAMPENING THE PAD.

BIBLE COMMENT FOR NOV. 6

Prophets' Teachings Were Always Based On Messianic Vision

BENEATH and above everything that the Hebrew prophets thought, said, and wrote, was their conception of God, and their faith in Him.

God was not for them an abstraction, nor even an object of worship, distinguishable from the idols their idolatrous neighbors worshipped, only because He had life and intelligence. It was the righteous and holy nature of the life of God in which their vision and their faith centered. The living God was the creator and upholder of the universe.

His laws guided the planets in their course. The heavens declared His glory, and the firmament showed His hardiwork. Integrity was in the laws that governed His world.

With this conception of a holy God was that of a holy people—a people called and chosen of God, and responsive to His will and purpose.

With that conception, faith, and vision, it was inevitable that the prophets should react as they did to sin in the individual life, and to evil in the national and social life. They saw tragedy in the refusal of the people to accept God's choice and call. They spoke in denunciation and in words of solemn warning.

But their message was not all of denunciation and warning. In times of distress, when trouble had come, as in days of destruction and exile, their message was of hope and comfort. There was hope for a people repentant and seeking again the ways of truth and right that they had neglected. The prophets were spiritual physicians who were deeply concerned with prevention. But when the illness of sin assailed they were physicians of healing.

SM County Italian American Clubs Honor DeMatteis

Tracing a career of public service, various speakers praised Louis B. DeMatteis, San Mateo county district attorney, at a testimonial banquet for the lawyer Sunday.

The banquet was given by the council of The Italian-American Citizen Clubs of San Mateo County. DeMatteis has been a member of the organization for a number of years.

Daly City was represented at the banquet by Mayor Paul Green and Police Chief W. W. Sunderland. In addition, there were many members from the Daly City - Colma Italian-American Club present.

Another prominent local figure, Roy Barghini, 780 Niantic avenue, not only represented this community as president of the local organization, but also was the chairman for the banquet.

During the course of the dinner close to 650 people from San Mateo county heard what DeMatteis had done to deserve such an honor. Many public officials had words of praise for the district attorney.

Navy Technical Schools Now Open

The opportunity for entrance into one of the navy's many technical schools is open to high school graduates who can meet the necessary mental and physical requirements, it was announced by the San Mateo county recruiting station today.

Young men qualifying for this program are assured a navy trade school before they enlist. Some of the schools available are: electrical, diesel engine, machinist, printers, radioman, journalist, photography, and radar-television. This program offers young men the opportunity to learn a skill, using the best equipment, with competent instructors, and at the same time receiving \$80 a month in pay.

For full information on this program, visit or phone the navy recruiting station, post office building, San Mateo, phone Diamond 4-2781.

SACRAMENTO RIVER SALMON

Large numbers of salmon are reported by the National Automobile Club as still moving up the Sacramento, American and Feather rivers. Largest numbers are being taken at Verone and above.
